

Action plan for drug action team (DAT) 2009/10

Outcome	Actions / Milestones	Lead agency	Deadline for completion
We will increase the number of new treatment journeys recorded by heroin and/or crack cocaine users by 10 per cent to 347 by March 2010.	Secure and refurbish new premises for open access drug treatment provision.	Community Safety	December 2009
	Implement outreach programme to engage 100 new service users into treatment (crack cocaine users and Black Minority Ethnic users).	Qalb	March 2010
	Pilot an incentive scheme for existing service users to bring 20 new clients into treatment.	Community Safety	March 2010
There will be at least 655 drug users in effective treatment in 2009/10. (NI 40)	There will be at least 33 GPs who are delivering primary care-based treatment within a commissioned service model.	Primary Care Trust	March 2010
	Ensure effective transfer of a further 30 clients from prescribing into primary care (GP), building on a target of 30 from previous year to achieve a target of retaining 60 clients by March 2010.	North East London Foundation Trust	March 2010
	Initiate 50 supported access placements with the borough's sports centres.	Community Safety	March 2010
We will increase the number of planned discharges from the treatment system by 10 per cent to 228 by March 2010. (Outcome 4)	Sign up 200 service users to the European Social Fund employment project and deliver 160 independent advisory group sessions, 20 voluntary work placements and ten into work.	Community Safety	March 2010
	Mutual aid and drug related support groups to be embedded into aftercare arm of service provision.	Turning Point	March 2010

Annex A: risk log

Risk description (inc. trigger for risk occurring and likely consequences)	Likeli-hood (1-4)*	Impact (1-4)*	Mitigating action(s)	Lead agency	Deadline for completion
Lack of premises for open access drug treatment.	3	4	Outreach services in place	Primary Care Trust	April 2009
London Development Agency withdraw funding for European Social Fund employment project.	2	4	Out-performing recovery plan milestones	Community Safety	June 2009

* Impact and likelihood assessments to be completed in accordance with the Council's agreed criteria
