

Renewing RingGo Parking Permits

When your RingGo parking permit is up for renewal, you can renew it via the RingGo website: <https://www.myringgo.co.uk/>. You need to log in to your account and click 'Permits' in the list of options along the top of the screen. Click 'London Borough of Waltham Forest'.

The next screen lists any permits you have with Waltham Forest. Once the permit is in the timeframe to be renewed, the permit will have a green arrow next to it to indicate it can be renewed.

You have purchased a permit.
This permit provides parking for you from 24 Sep 20 15:29 until 23 Sep 21 23:59

Click the green arrow and the screen will show your permit details. If there are no changes, simply click 'Next'. (However, if the details have changed, you will need to apply for a new permit by clicking 'New Application' and following the new application process.)

You need to prove your eligibility before you renew your parking permit. Your application may be approved by our automatic checks. If this is not possible, you will be asked to upload or post copies of documents in support of your application. Blue Badge holders will be required to provide proof of their eligibility, which LBWF staff will verify.

You can modify your email address and your vehicle details. You must read the Resident permit terms and conditions, accessed by clicking the link, tick the box next to the link, and click 'Next'.

Your vehicle details and the proofs you uploaded previously display. If they are correct, click 'Confirm'.

If your renewal passes our automatic checks, you are taken into the payment process. You need to indicate the date and time you want your renewal to start and the duration. This is pre-filled for you so you can just click 'Next' if you are happy with those details.

Select the payment method and click 'Next'.

Continue through the payment process and if payment is successful, the screen will display a message and allow you to click 'View session' to see your renewed permit details.
