

**Local Development Framework  
Core Strategy Issues and Options  
Schedule of written comments via questionnaire/response form**

<b>Name</b>	<b>Organisation</b>	<b>Response ID</b>	<b>Theme</b>	<b>Question No. (see questionnaire)</b>	<b>Consultee's Comments/Summary</b>
A Avickery		csio1599	Improving Housing Quality and Choice	9	Provided they pay rent
A Avickery		csio1600	Safe and Inclusive Neighbourhoods	29	Never
A Avickery		csio1601	Safe and Inclusive Neighbourhoods	30	Deprivation does not exist
A Avickery		csio1602	Doing our bit for the environment	37	But no high or special taxes they will not stop natural climate change
A Avickery		csio1603	General Comments	-	Keep Waltham Forest for local people we do not want people that other boroughs do not know how to control
A Brown		csio1773	Town Centres you want to go to	23	Advertise the market and extra events there (e.g. French markets) outside Walthamstow
A Brown		csio1774	A healthy environment to enjoy	24	This may affect high-rise flats planned. The 1960s high flats led to mental ill health and child protection issues (NB remember the murders due to noise in the flats in the 1980s)
A Brown		csio1775	A healthy environment to enjoy	25	Provide more environments for wildlife and wild flowers (weeds) in the parks
A Brown		csio1776	A healthy environment to enjoy	26	Time out street lights 2am to 4am would save energy
A Brown		csio1777	Safe and Inclusive Neighbourhoods	28	Design properties to promote interaction, building on the old community of old Walthamstow residents to go forward with what exercise rather than constantly rubbishing each previous way of implants to promote only the new one.
A Brown		csio1778	Safe and Inclusive Neighbourhoods	29	Splitting community groups leads to violence and facilities should be shared by all communities including indigenous ones. This question is counter productive
A Brown		csio1779	Safe and Inclusive Neighbourhoods	30	It is no good repeating the 1960s problem by building high-rise flats that lead to danger and poor community. This high use have been

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
					demolished for a good [need]
A Brown		csio1780	Travelling efficiently between places	32	More residents parking with higher rates for gas – guzzling cars
A Schmidt		csio1702	Protecting and Improving our places	2	The EMD cinema should not be allowed to rot.
A Schmidt		csio1703	Protecting and Improving our places	3	Require green space as part of any new development
A Schmidt		csio1704	Protecting and Improving our places	5	Develop strategies for a 5 metre sea level rise by the end of this century
A Schmidt		csio1705	Improving Housing Quality and Choice	6	None's currently viable. Only provide more housing if you can also deliver the necessary infrastructure.
A Schmidt		csio1706	Improving Housing Quality and Choice	11	Don't know
A Schmidt		csio1707	Improving Housing Quality and Choice	12	Don't know
A Schmidt		csio1708	Making the most of our education	19	Don't know
A Schmidt		csio1709	Town Centres you want to go to	21	Its not a matter of more its about what and how.
A Schmidt		csio1710	Town Centres you want to go to	22	No more estate agents and pound stores
A Schmidt		csio1711	Town Centres you want to go to	23	Bring back the EMD cinema
A Schmidt		csio1712	A healthy environment to enjoy	24	Encourage walking and cycling and discourage car use. Traffic calming in residential areas. Safe Streets. More playing fields and parks. Attractive public spaces.
A Schmidt		csio1713	Travelling efficiently between places	31	Improve cycle routes and cycle parking
A Schmidt		csio1714	Travelling efficiently between places	32	Local congestion charging as part of carbon wide congestion zone
A Schmidt		csio1715	Travelling efficiently between places	33	Rail link between Walthamstow and Stratford is crucial
A Schmidt		csio1716	Doing our bit for the environment	34	Option 4: Do you mean CHP?
A Schmidt		csio1717	Doing our bit for the environment	36	Option 2: and require landlords to do this and enforce it.
A Schmidt		csio1718	Doing our bit for the environment	37	No. 1 priority = making all existing buildings energy efficient

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
A Schmidt		csio1719	General Comments	-	Since we moved to E17 in 2000 amenities have been disappearing and deteriorated (cinema, libraries, museums, adult education, youth clubs, community halls, dog stadium). If you want a sustainable and less transient community you have to first invest into these things that make Walthamstow a worthwhile place to be - then the economy will follow. Just cramming loads more people into high-density housing is totally unsustainable.
Alex Gray		csio1441	Protecting and Improving our places	1	Loaded question, reword. Encourage environmentally sensitive building design
Alex Gray		csio1442	Protecting and Improving our places	2	Loaded question - reword.
Alex Gray		csio1443	Protecting and Improving our places	4	Define 'best practice'
Alex Gray		csio1444	Improving Housing Quality and Choice	12	Nil
Alex Gray		csio1445	Investing in our economy	14	Higher quality shops
Alex Gray		csio1446	Investing in our economy	15	Provide business incentives
Alex Gray		csio1447	Town Centres you want to go to	20	Define 'hierarchy'. Better quality shops
Alex Gray		csio1448	A healthy environment to enjoy	24	Define 'better', 'health uses', design concepts'. Get rid of junk food shops.
Alex Gray		csio1449	Safe and Inclusive Neighbourhoods	28	Increase police force and build a prison
Alex Gray		csio1450	Safe and Inclusive Neighbourhoods	29	Encourage cross cultural events celebration of different cultures
Alex Gray		csio1451	Safe and Inclusive Neighbourhoods	30	Better quality housing/shops/jobs
Alex Gray		csio1452	Travelling efficiently between places	32	Provide better transport facilities
Alex Gray		csio1453	Travelling efficiently between places	33	Rail link between Walthamstow and Stratford
Alex Gray		csio1454	Doing our bit for the environment	36	Free loft insulation and other energy saving measures
Alex Gray		csio1455	General Comments	-	Very prejudiced questions in some cases, encouraging a particular point o view. Redesign these questions

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Anne Bellamy		csio1849	Travelling efficiently between places	31	Option 2 & 3 are the same thing
Babara Robertson	Forest Residents Association (FORA)	csio1335	Protecting and Improving our places	2	Update the local list of historic buildings. The present protection offered by the Council to Conservation Areas and listed buildings does not inspire confidence in either the Council or its Planning officials to care for or enhance our built heritage as the members of the Forest Residents Association know full well.
Babara Robertson	Forest Residents Association (FORA)	csio1336	Protecting and Improving our places	5	Buildings erected on flood risk zones to have suitable sustainable foundations.
Babara Robertson	Forest Residents Association (FORA)	csio1337	Improving Housing Quality and Choice	6	Waltham Forest has very little spare land to meet a variety of needs. Doubtful if there is space for any more housing to be built.
Babara Robertson	Forest Residents Association (FORA)	csio1338	Improving Housing Quality and Choice	10	Care should be taken over mixed development otherwise private purchasers will avoid houses/flats in such developments
Babara Robertson	Forest Residents Association (FORA)	csio1339	Investing in our economy	16	There may be a case for turning unused shops into premises for small and medium sized enterprises especially if living accommodation is also provided in the building
Babara Robertson	Forest Residents Association (FORA)	csio1340	Making the most of our education	19	Schools should be used for community purposes. However if there is an intention to let space to local associations, groups etc charges must be on an affordable scale to these bodies.
Babara Robertson	Forest Residents Association (FORA)	csio1341	Town Centres you want to go to	20	Given the present financial position it would be advisable to keep the existing hierarchy of centres and adopt changes once the present crisis is over.
Babara Robertson	Forest Residents Association (FORA)	csio1342	Town Centres you want to go to	21	It will be better to wait until the financial crisis has receded in order to see what choices are being made by the occupants of the borough
Babara Robertson	Forest Residents Association (FORA)	csio1343	Town Centres you want to go to	22	It will be better to wait until the financial crisis has receded in order to see what choices are being made by the occupants of the borough

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Babara Robertson	Forest Residents Association (FORA)	csio1344	Town Centres you want to go to	23	It will be better to wait until the financial crisis has receded in order to see what choices are being made by the occupants of the borough
Babara Robertson	Forest Residents Association (FORA)	csio1345	Travelling efficiently between places	31	Bus network needs to be examined to ensure all parts of the borough have adequate access to buses and that the routes provided allow for easy travelling throughout the borough. This is not the case at present.
Babara Robertson	Forest Residents Association (FORA)	csio1346	Travelling efficiently between places	32	It will be better to wait until the financial crisis has receded in order to see what choices are being made by the occupants of the borough
Babara Robertson	Forest Residents Association (FORA)	csio1347	Travelling efficiently between places	33	It would enhance the road network if the road surfaces were properly looked after!
Babara Robertson	Forest Residents Association (FORA)	csio1348	Doing our bit for the environment	36	The provision of solar panels and other energy efficient installations are not mentioned. The Council should investigate the options open to individual households to obtain these.
Babara Robertson	Forest Residents Association (FORA)	csio1349	Doing our bit for the environment	37	Best way is to replace the trees removed by Council. There are very few trees in many streets. Additionally, all speed humps should be removed as recent research has found that they cause more pollution than being effective in reducing speed.
Basanti Narine		csio1515	Travelling efficiently between places	33	Improve links across borough
Basanti Narine		csio1516	Doing our bit for the environment	34	All new developments to have solar power
Beverley Ellis		csio1580	Making the most of our education	18	I strongly believe secondary schools should be small and friendly i.e. max 1000 pupils.
Brown		csio1819	Improving Housing Quality and Choice	6	Good shared housing provision
Brown		csio1820	Town Centres you want to go to	20	Better main street in Walthamstow (what's the hard core depth?). Better paving covered area down side of street to provide some shelter. Otherwise it's not going to compete with new shop development.
Brown		csio1821	Safe and Inclusive Neighbourhoods	28	Improve litter 'awareness' and street litter sweeping

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Brown		csio1822	Doing our bit for the environment	36	Ask my landlord
Brown		csio1823	General Comments	-	I find it difficult to breath in Walthamstow. Would be interested to know NU2 levels and ozone and 'soot'. More trees please.
C Rouse	2nd Chingford Brownies	csio1608	Protecting and Improving our places	3	Encourage the local community to value sites
C Rouse	2nd Chingford Brownies	csio1609	Improving Housing Quality and Choice	6	Protect open spaces and underused community facilities for the New community
C Rouse	2nd Chingford Brownies	csio1610	Improving Housing Quality and Choice	8	More important to have a mix so people stay in Waltham Forest throughout life
C Rouse	2nd Chingford Brownies	csio1611	Improving Housing Quality and Choice	12	Provision for those moved from the Olympic site
C Rouse	2nd Chingford Brownies	csio1612	Investing in our economy	15	Balance need and legislation and standard i.e. don't set the bar so high. you drive out more long term traditional employees
C Rouse	2nd Chingford Brownies	csio1613	Investing in our economy	16	Have a strategy based on need
C Rouse	2nd Chingford Brownies	csio1614	Making the most of our education	19	Why do this when 3rd sector does it so much better?
C Rouse	2nd Chingford Brownies	csio1615	Town Centres you want to go to	20	Not all chicken hops and services. eg. estate agents
C Rouse	2nd Chingford Brownies	csio1616	Town Centres you want to go to	21	All centres need development. Walthamstow is not accessible to all - nor desirable
C Rouse	2nd Chingford Brownies	csio1617	A healthy environment to enjoy	25	Waltham Forest needs green lungs
C Rouse	2nd Chingford Brownies	csio1618	A healthy environment to enjoy	26	Sort the big ones before starting on the smaller problems
C Rouse	2nd Chingford Brownies	csio1619	A healthy environment to enjoy	27	Fund new facilities not through RSL and Developers but through the 3rd sector
C Rouse	2nd Chingford Brownies	csio1620	Safe and Inclusive Neighbourhoods	29	Increase social capital of Waltham Forest by increasing VCS activity (N17)
C Rouse	2nd Chingford Brownies	csio1621	Travelling efficiently between places	31	Make major north/south and east/west routes better
C Rouse	2nd Chingford Brownies	csio1622	Travelling efficiently between places	33	Less silly little roundabouts and speed humps. Less CPZ that do not work with a pay and display option
C Rouse	2nd Chingford Brownies	csio1623	Doing our bit for the environment	34	Don't know what "borough wide heating systems" are, but sounds warm

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
C Rouse	2nd Chingford Brownies	csio1624	Doing our bit for the environment	35	Need to monitor and enforce
C. Humme of Savills (Agent)	Walthamstow Stadium	csio1850	Protecting and Improving our places	5	Flood risk issues should be dealt with on a site-specific basis taking into account a number of factors rather than a generic approach to all development/sites in flood zones.
C. Humme of Savills (Agent)	Walthamstow Stadium	csio1851	Improving Housing Quality and Choice	6	Existing 'brownfield' sites should be utilised for new/additional housing where possible depending on site-specific issues.
C. Humme of Savills (Agent)	Walthamstow Stadium	csio1852	Investing in our economy	14	Providing accessible and suitable sites for employment uses in the borough enabling people to seek employment in the local area.
C. Humme of Savills (Agent)	Walthamstow Stadium	csio1853	Investing in our economy	16	Provision for small and medium sized enterprises will allow a range of businesses to locate in the borough providing a range of employment opportunities. This type of development will also allow the option of out of centre growth adjacent to existing commercial clusters on suitable sites.
C. Humme of Savills (Agent)	Walthamstow Stadium	csio1854	Town Centres you want to go to	21	The strategy should include an option for out of centre growth adjacent to existing commercial clusters on suitable sites for retail, leisure and office activities.
Charlotte May		csio1101	Improving Housing Quality and Choice	6	Good idea to build on car parks - not green spaces
Charlotte May		csio1102	Improving Housing Quality and Choice	13	Cut down on cars by reducing parking in housing developments
Charlotte May		csio1103	Investing in our economy	14	Promote quality of life, as well as economic growth not growth at all costs
Charlotte May		csio1104	Town Centres you want to go to	22	Try to avoid 'clone'-style centres, especially individual shops not just chains and burger outlets
Charlotte May		csio1105	A healthy environment to enjoy	24	Build in opportunities for physical activity - cycle, walking etc. There's lots of evidence linking obesity to poor design and car dominated lifestyles/environments
Charlotte May		csio1106	A healthy environment to enjoy	25	Good quality environment key in promoting physical activity
Charlotte May		csio1107	A healthy environment to enjoy	27	Especially the cinema in Hoe Street

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Charlotte May		csio1108	Safe and Inclusive Neighbourhoods	30	Regeneration should be environmentally sustainable if not to impact on quality of life and climate change
Charlotte May		csio1109	Travelling efficiently between places	31	The evidence is not controlling parking and car use is needed as well as provision of info. public transport and cycle lanes separate
Charlotte May		csio1110	Travelling efficiently between places	32	Do not manage demand, this will adversely affect quality of life
Charlotte May		csio1111	Doing our bit for the environment	37	Option 3 and ensure Council flow its own advice.
Charlotte May		csio1112	General Comments	-	More car free and car capped development if the Council is to reduce car use and cut emissions. Factor sustainable transport into new developments - rather than acting as an after thought. Environment - incorporate green spaces, plenty of tree planting
Clyde Kitson		csio1332	Improving Housing Quality and Choice	10	Don't know
Clyde Kitson		csio1333	Making the most of our education	17	But where to build new schools?
Clyde Kitson		csio1334	Making the most of our education	18	But where to build new secondary schools?
Colin Berry		csio1387	Protecting and Improving our places	1	Redevelop old buildings e.g. cinemas. what are "masterplans"?
Colin Berry		csio1388	Improving Housing Quality and Choice	6	Use brownfield sites but not high density
Colin Berry		csio1389	Improving Housing Quality and Choice	7	Aim for fewer private rentals with absentee (slum) landlords
Colin Berry		csio1390	Improving Housing Quality and Choice	8	Under 30%
Colin Berry		csio1391	Improving Housing Quality and Choice	9	75%intermediate, 25% social rented
Colin Berry		csio1392	Improving Housing Quality and Choice	10	Supports random mixing with private houses but only if design and build are of high quality. The mix should be carefully judged and not 'random'.
Colin Berry		csio1393	Improving Housing Quality and Choice	13	Aim to use ground heat exchange where possible as done in Holland
Colin Berry		csio1394	Making the most of our education	17	Entirely depends on specific local conditions
Colin Berry		csio1395	Making the most of our education	18	Depends on local factors
Colin Berry		csio1396	Making the most of our education	19	Not in favour of this proposal

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Colin Berry		csio1397	Town Centres you want to go to	20	Keep/reopen local post offices
Colin Berry		csio1398	Town Centres you want to go to	21	We need good development within existing boundaries (not the kind of chaos with redevelopment in Walthamstow)
Colin Berry		csio1399	Town Centres you want to go to	22	Important that centres are not empty at night so encouraging crime
Colin Berry		csio1400	A healthy environment to enjoy	24	Build more cycle racks, enforce cycle lanes seriously
Colin Berry		csio1401	A healthy environment to enjoy	26	Control noise levels from town centre music events and the big screen
Colin Berry		csio1402	Safe and Inclusive Neighbourhoods	28	React promptly to developments reducing local environmental quality (dangerous structures, waste, properties inviting crime and where antisocial behaviour or serious crime are occurring; enforce anti litter campaign
Colin Berry		csio1403	Travelling efficiently between places	31	Promote cycling by re-marking and enforcing cycle lanes and providing more cycle racks
Colin Berry		csio1404	Doing our bit for the environment	34	Include heat exchanges
Colin Berry		csio1405	General Comments	-	You have not included questions about the big screen. This lack of consultation is outrageous. Many questions are either meaningless or are totally opaque in meaning. Future consultations need to be better designed.
D Sculthorp		csio1171	Protecting and Improving our places	4	Unclear question
D Sculthorp		csio1172	Improving Housing Quality and Choice	6	Stop houses being made into flats
D Sculthorp		csio1173	Improving Housing Quality and Choice	7	Reduce destruction of family homes
D Sculthorp		csio1174	Improving Housing Quality and Choice	12	What numbers are in transit? What numbers are wanting to stay?
D Sculthorp		csio1175	Town Centres you want to go to	20	Build restaurants and decent shops around Walthamstow
D Sculthorp		csio1176	A healthy environment to enjoy	27	Stop allowing too many people to move into the area
D Sculthorp		csio1177	Travelling efficiently between places	32	What is meant by 'demand for travel'?

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
D Sculthorp		csio1178	General Comments	-	Many of these questions need a background of knowledge of what is required in law. Others need one to be more knowledgeable in what the Council already do and what this policy is.
Dave Gowan	Whitehall Park Residents Association	csio1358	Improving Housing Quality and Choice	6	Build for locals need only
Dave Gowan	Whitehall Park Residents Association	csio1359	Improving Housing Quality and Choice	8	You need to afford housing before considering some
Dave Gowan	Whitehall Park Residents Association	csio1360	Improving Housing Quality and Choice	9	As Q8 above
Dave Gowan	Whitehall Park Residents Association	csio1361	Improving Housing Quality and Choice	12	We should not encourage
Dave Gowan	Whitehall Park Residents Association	csio1362	Town Centres you want to go to	20	Do we need more!
Dave Raval		csio1605	Improving Housing Quality and Choice	13	Enforce Merton rule and Part L/Code 6 developments prior to them becoming mandatory in 2016
Dave Raval		csio1606	Investing in our economy	16	Open lea bridge station
Dave Raval		csio1607	Doing our bit for the environment	34	Enforce Merton rule and part l code 6 developments prior to them becoming mandatory in 2016
David Coakley		csio1597	Doing our bit for the environment	37	I like the Old Cinema on Hoe Street
David Isted		csio1649	Protecting and Improving our places	1	All of the above should be in action now
David Isted		csio1650	Improving Housing Quality and Choice	6	Build on brownfield sites or don't build any more until the dust settles
David Isted		csio1651	A healthy environment to enjoy	24	[These options are] too simple
David Isted		csio1652	A healthy environment to enjoy	27	Re: option 3 9fund new facilities through developer contributions - this is the councils responsibility
David Isted		csio1653	Travelling efficiently between places	33	Better public transport
David Shepherd		csio1152	Protecting and Improving our places	1	Re: option 1 - particularly Tesco development in Highams park
David Shepherd		csio1153	Protecting and Improving our places	2	Neon light outside "Regal"- has not been removed. Unsightly barriers still in evidence

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
David Shepherd		csio1154	Improving Housing Quality and Choice	6	Re: option 1 - build near to stations etc. to avoid too many cars
David Shepherd		csio1155	Investing in our economy	14	Re: option 2 - provide rail link to Stratford to enable Chingford and Highams Park residents to get to Walthamstow (Hall Farm Curve)
David Shepherd		csio1156	Investing in our economy	15	re: option 21- provide rail link to Stratford to enable Chingford and Highams Park residents to get to Walthamstow (Hall Farm Curve)
David Shepherd		csio1157	Investing in our economy	16	Re: option 3 - Highams Park - build a "village Hall" as part of the TESCO development as well as a "village" green
David Shepherd		csio1158	Town Centres you want to go to	20	Re: option 2 - Highams Park - build a "village hall" as part of the Tesco development as well as a "village" green.
David Shepherd		csio1159	A healthy environment to enjoy	25	Look after Highams Park - super playground but tidy up graffiti
David Shepherd		csio1160	A healthy environment to enjoy	27	Highams Park - build a "village Hall" as part of the Tesco development as well as a "village" green
David Shepherd		csio1161	Safe and Inclusive Neighbourhoods	29	Highams Park - build a "village hall" as part of the Tesco development as well as a "village" green.
David Shepherd		csio1162	Travelling efficiently between places	32	New station at hatch lane (on the Chingford line). Hall Farm curve to provide access to Stratford (and Paris!)
Dennis Tilley	woodstock road residents group	csio1631	Protecting and Improving our places	1	We need to protect the areas of historical importance as well as developing new areas
Dennis Tilley	woodstock road residents group	csio1632	Protecting and Improving our places	2	Besides conservation areas, there should be areas of special character. I would propose the area of Bell Vue Park Estate which is situated in the Upper Walthamstow area. The t is steeped in history and there are many records in the local museum, vestry house of its history. Areas such as this need to be protected for its history and character. This view is supported by our group and our local councillor J.Beanse
Dennis Tilley	Woodstock Road Residents Group	csio1633	Protecting and Improving our places	3	Enforcement and protection are the keys
Dennis Tilley	Woodstock Road Residents	csio1634	Protecting and Improving our	5	Do not build on high risk areas

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
	Group		places		
Dennis Tilley	Woodstock Road Residents Group	csio1635	Improving Housing Quality and Choice	6	Open spaces should be protected where possible
Dennis Tilley	Woodstock Road Residents Group	csio1636	Improving Housing Quality and Choice	8	Well managed sites are required for all categories
Dennis Tilley	Woodstock Road Residents Group	csio1637	Improving Housing Quality and Choice	9	Well managed sites are required for all categories
Dennis Tilley	Woodstock Road Residents Group	csio1638	Improving Housing Quality and Choice	12	All sites need to be well managed
Dennis Tilley	Woodstock Road Residents Group	csio1639	Improving Housing Quality and Choice	13	Housing standards should be the highest taking into account lifetime savings. All sites need to be well managed
Dennis Tilley	Woodstock Road Residents Group	csio1640	Investing in our economy	14	Education is the key for all our residents. Support local industries/traders but enforce regulations to stop illegal industries/traders operating
Dennis Tilley	Woodstock Road Residents Group	csio1641	Investing in our economy	15	High standards for environmental quality within the borough with better access of public transport throughout the area. Enforcement is a key to improving these items.
Dennis Tilley	Woodstock Road Residents Group	csio1642	Making the most of our education	17	High education standards required throughout the borough
Dennis Tilley	Woodstock Road Residents Group	csio1643	Town Centres you want to go to	21	All our shopping needs to be well managed and regulated
Dennis Tilley	Woodstock Road Residents Group	csio1644	Town Centres you want to go to	23	Needs to be well thought through ideas that will create a balanced and thriving town centres
Dennis Tilley	Woodstock Road Residents Group	csio1645	A healthy environment to enjoy	25	To be retained and well managed to give the benefits to residents
Dennis Tilley	Woodstock Road Residents Group	csio1646	A healthy environment to enjoy	26	Enforcement is key
Dennis Tilley	Woodstock Road Residents Group	csio1647	Safe and Inclusive Neighbourhoods	28	Enforcement is the key to safe neighbourhoods
Dennis Tilley	Woodstock Road Residents Group	csio1648	Safe and Inclusive Neighbourhoods	29	all residents of our borough should be treated on an equal basis
E Fraser	The Limes Community and Children's Centre	csio1235	Improving Housing Quality and Choice	6	Identify vacant (long term properties

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
E Fraser	The Limes Community and Children's Centre	csio1236	Making the most of our education	19	Use current community settings more effectively
E Fraser	The Limes Community and Children's Centre	csio1237	Safe and Inclusive Neighbourhoods	29	Support existing community centres who have specialist objectives
F W Savill		csio1082	Improving Housing Quality and Choice	6	We need car parks - the roads are full with parked cars causing congestion
Father Steven Saxby	Church of England	csio1357	Improving Housing Quality and Choice	8	[using a greater than(>) sign rather than stating the words "greater than" is] bad questionnaire technique.
Fawaad Shaikh	E11 BID Company	csio1350	Improving Housing Quality and Choice	8	10% - encourage inward investment
Fawaad Shaikh	E11 BID Company	csio1351	Improving Housing Quality and Choice	9	Less than 30%
Fawaad Shaikh	E11 BID Company	csio1352	Investing in our economy	14	Encourage business development to support new employers
Fawaad Shaikh	E11 BID Company	csio1353	Investing in our economy	16	Ensure car parking is available
Fawaad Shaikh	E11 BID Company	csio1354	Town Centres you want to go to	20	BID's
Fawaad Shaikh	E11 BID Company	csio1355	Safe and Inclusive Neighbourhoods	28	Not sure
Fawaad Shaikh	E11 BID Company	csio1356	Doing our bit for the environment	37	I have too many [general comments] but i hope it has already been taken into consideration via other meetings!
Festo Okidi	Amoot	csio1121	Protecting and Improving our places	5	Planning considerate of flooding possibilities
Festo Okidi	Amoot	csio1122	Improving Housing Quality and Choice	6	Housing design
Festo Okidi	Amoot	csio1123	Improving Housing Quality and Choice	7	Cost effectiveness
Festo Okidi	Amoot	csio1124	Improving Housing Quality and Choice	8	Projection
Festo Okidi	Amoot	csio1125	Making the most of our education	18	Consider demographics
Festo Okidi	Amoot	csio1126	General Comments	-	None, at the moment
G Arkless		csio1517	Protecting and Improving our places	2	Avoid repeating previous mistakes and the pursuit of high rise development
G Arkless		csio1518	Protecting and Improving our places	4	Formalise consultation and take account of responses

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
G Arkless		csio1519	Improving Housing Quality and Choice	6	Ensure that it fits in with existing stock and has adequate infrastructure.
G Arkless		csio1520	Improving Housing Quality and Choice	8	Silly question, you do as you are told
G Arkless		csio1521	Improving Housing Quality and Choice	13	Option do not relate to the 'stem' of the question
G Arkless		csio1522	Investing in our economy	14	Ensure that councillors accept their responsibilities when mismanagement is discovered.
G Arkless		csio1523	Town Centres you want to go to	23	On current form clearly the skills do not exist to plan anything
G Arkless		csio1524	A healthy environment to enjoy	26	So get rid of the screen in the square.
G Arkless		csio1525	General Comments	-	Yet another poorly designed questionnaire which will be ignored.
G Hughes		csio1745	Improving Housing Quality and Choice	6	Ensure housing, transport and need for open space are balanced
G Hughes		csio1746	Improving Housing Quality and Choice	12	Provision agreed in consultation with those residing at Peacock Close
G Hughes		csio1747	Travelling efficiently between places	33	Improve cycling routes
Gail Smart	FARA	csio1496	Improving Housing Quality and Choice	6	Reclaim empty properties
Gail Smart	FARA	csio1497	Improving Housing Quality and Choice	8	All housing should be affordable
Gail Smart	FARA	csio1498	Improving Housing Quality and Choice	10	No ghettos
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1825	Protecting and Improving our places	2	Issue - A balanced approach should be adopted in order to ensure that those buildings which are worth of preservation are protected but with due consideration given to the need for progression and development. Option - Need to be balanced with the guidance in the draft PPS15
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1826	Improving Housing Quality and Choice	6	Option - There should be a general aim to exceed housing targets wherever possible in order to maximise the provision of appropriately sited and designed housing. The location of such development should be flexible dependent on

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
					need.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1827	Improving Housing Quality and Choice	7	Issue - The need for family accommodation should be balanced with the specific constraints of the site. It will be difficult to provide a high proportion of traditional family homes within high density schemes. Mix should be site dependent and should not be based on pre-conceived policy objectives which require certain types of property dependent on location (see additional comments in Spreadsheet analysis). Option - A diverse mix of housing sizes and types on all sites would ensure a balanced community, regardless of where the site is situated. Developments which are dominated by a single demographic would conflict with the principles of sustainable development, whereby communities should be varied and diverse.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1828	Improving Housing Quality and Choice	8	Option A provides an element of flexibility in order that the provision of affordable housing may be suited to the specific constraints of the site. Considering the diverse characteristics of sites in the borough this option will still ensure that where 50% affordable housing can viably achieved, developer would still be obliged to provide it, however it would also allow a lower proportion of affordable units on sites which have higher development costs, such as within regeneration areas.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1829	Improving Housing Quality and Choice	9	Option - The mix should be site specific and reactive to the level provision on the site. A broad target based approach will prevent housing which is genuinely suited to local needs. Flexibility should be allowed in order to ensure that new developments reflect the nature of existing stock in the area and in doing so help to secure a

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
					balanced supply of housing to suit the specific local needs.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1830	Improving Housing Quality and Choice	10	Option - Ideally affordable housing should be provided on the relevant application site, alongside private housing. However, it would be unrealistic to prevent off site provision where sites are too small or development costs too high to accommodate affordable housing without significant viability complications. Essentially, although a preferred approach could be put forward, in practical terms a flexible approach should be applied on a site by site basis.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1831	Improving Housing Quality and Choice	11	This issue is dependent on changing housing needs and therefore should be afforded the flexibility to react to the specific requirements of the borough or local area in a particular time-period. This approach should be balanced with the specific scheme and as such must respect the implications of viability.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1832	Improving Housing Quality and Choice	13	Objectives should seek to ensure the highest quality of development possible, subject to viability. Accordingly, reasonable, achievable standards should be applied.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1833	Investing in our economy	14	Fundamental that economic development is strategically considered as a core factor in the plan making process.

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1834	Investing in our economy	16	Regeneration areas have a key role to play in securing sufficient sites to accommodate a full range of business needs in the borough. This option must however be balanced with wider objectives of sustainability and community cohesion in order to ensure that places of work are easily accessible from peoples homes. We therefore agree that existing industrial areas should be protected where they are sustainable and commercially viable, however, in instances where sites are no longer suited to commercial purposes, opportunities for redevelopment to other means should be encouraged (see additional comments in spreadsheet analysis).
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1835	Town Centres you want to go to	20	Issue - Local and neighbourhood centres should not be limited to those which are currently operating as such. New centres should be encouraged, close to allocated development sites or sites which are likely to come forward for development in the short-medium term. Option - We consider that the existing primary shopping frontage on Billet Road should be extended to incorporate the adjacent shops and also the Billet Works frontage, which is allocated within the Blackhorse lane Area Interim Planning Policy Framework (IPPF) as appropriate for a residential led mixed use scheme. This approach would facilitate retail uses along the frontage of the Billet Works site which would contribute positively to the long-term prosperity of the entire parade. Such action would help to realise the regeneration objectives of the IPPF.

<b>Name</b>	<b>Organisation</b>	<b>Response ID</b>	<b>Theme</b>	<b>Question No. (see questionnaire)</b>	<b>Consultee's Comments/Summary</b>
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1836	A healthy environment to enjoy	25	On-site provision should reflect existing facilities in the locality, whilst taking full account of the predicted needs of the proposed development. A holistic approach should be applied to the provision of open space across the borough and therefore a balance off each of the above factors should be sought through a combination of public funding, developer obligations and on-site provision, where it is economically viable. Comprehensive coverage cannot be achieved through any of single approach.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1837	A healthy environment to enjoy	26	Each of the above matters need to be balanced against development objectives which will inevitably result in some level of environmental risk. To suggest otherwise would be unrealistic.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1838	Safe and Inclusive Neighbourhoods	28	If achievable/viable, the above matter should be encouraged.
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1839	Safe and Inclusive Neighbourhoods	30	Issue - The approach through which the regeneration of deprived areas of the borough is secured must be holistic and therefore a bespoke regeneration strategy for each deprived area of the Borough should be prepared, to be considered in tandem with the Core Strategy. Option - Regeneration strategies such as the Blackhorse Lane Area Interim Planning Policy Framework are already in place. The IPPF seeks to address the specific needs of the area, whilst making recommendation for the future of particular sites. See response form for more

<b>Name</b>	<b>Organisation</b>	<b>Response ID</b>	<b>Theme</b>	<b>Question No. (see questionnaire)</b>	<b>Consultee's Comments/Summary</b>
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1840	Travelling efficiently between places	32	We fully accept that the demand for travel should be managed and wherever possible car usage should be discouraged. This approach should not however prejudice the development of sites which are located within peripheral areas of the borough. Indeed, to suggest that sites which are generally appropriate for development should be prevented from coming forward because of accessibility issues, would ultimately result in the wider deprivation off less accessible areas. Infrastructure should be responsive to ensure that appropriate transport arrangements are in place to accommodate high-trip generating schemes (see additional comments in spreadsheet analysis).
Geoff Armstrong of DPP (Agent)	Hadley Homes	csio1841	Doing our bit for the environment	34	The supplement to PPS1 published in Dec 2007 requires that policies relating to the provision of renewable energy or the reduction of carbon emissions is supported by a robust evidence base to justify the viability and practicality of the targets proposed. We do not believe that such an exercise has been conducted and therefore object to all policies in this chapter until such an evidence base has been formulated. It would be impractical and arbitrary to comment on such issues without the benefit of informed advice from an appropriate professional and therefore we believe that further work on the part of the Council is necessary prior to the next round of consultations.
Geoff McDowall	Norlington Action Group	csio1002	Improving Housing Quality and Choice	12	Prioritise permanent housing and jobs
Geoff McDowall	Norlington Action Group	csio1003	Town Centres you want to go to	20	Improve design of local centres avoiding fiascos such as Leyton Mills
Geoff McDowall	Norlington Action Group	csio1004	Travelling efficiently between places	33	Improve cycle routes
Geoff McDowall	Norlington Action Group	csio1005	Doing our bit for the environment	36	Provide grants for home insulation

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
GL Hearn Property Consultants (Agent)	Tesco Store Limited	csio1098	Town Centres you want to go to	20	Seeks to elevate Highams Park from a neighbourhood centre to a district centre. The designation of the former C and A warehouse and adjoining uses as a MURA1 site offers the opportunity to bring forward an anchor retailer which will prime reinvestment in the centre - see letter
GL Hearn Property Consultants (Agent)	Tesco Store Limited	csio1099	Town Centres you want to go to	21	The preferred option A of issue 7.2 accords with the policy guidance set out in PPS6 where appropriate town centres are identified. Walthamstow and Highams Park are examples where growth can be accommodated, as sites have already been identified as suitable for development or redevelopment. Supports the content of paras 2.3 and 2.5 of PPS6- Refer to letter
GL Hearn Property Consultants (Agent)	Tesco Store Limited	csio1100	Town Centres you want to go to	22	Uses Highams Park as an example of a declining centre - suggests implementing para 2.8 of PPS6 by seeking a wide range of services whilst retaining opportunities for vital local services - Refer to letter
Graham Larkbey		csio1147	Improving Housing Quality and Choice	6	No high density housing
Graham Larkbey		csio1148	Improving Housing Quality and Choice	7	Build council houses
Graham Larkbey		csio1149	Town Centres you want to go to	22	Fewer fast food outlets
Graham Larkbey		csio1150	Travelling efficiently between places	33	Provide direct pedestrian link between Walthamstow Queens Road Station and the High Street.
Graham Larkbey		csio1151	General Comments	-	Sort out Arcade site, safeguard the market, reopen the cinema, provide more leisure/high life facilities and safeguard what we've got. Improve library provision. Reverse cuts in funding to William Morris Gallery and vesting House. Help Waltham Forest FC relocate back to boro. Why isn't the Barking - Gospel Oak line shown on this map (the cover designed by communication officers) doesn't shown much transport awareness!

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
					buildings
John Wilman		csio1182	Protecting and Improving our places	5	Control hardstandings in developments and by householders
John Wilman		csio1183	Improving Housing Quality and Choice	6	Developments should not be dense if it results in high towers
John Wilman		csio1184	Improving Housing Quality and Choice	13	We need zero carbon developments
John Wilman		csio1185	Investing in our economy	14	Stop the flood of takeaways replacing shops
John Wilman		csio1186	Investing in our economy	15	Summary: Need to ensure shop fronts and signs comply with the Council's SPG.
John Wilman		csio1187	Investing in our economy	16	Land is finite it cannot be provided
John Wilman		csio1188	Town Centres you want to go to	20	Wood St and Hoe Lane have no development control - shopfronts, signs and shutters are installed with impunity
John Wilman		csio1189	Town Centres you want to go to	21	We should not have a multiple cinema when we have the listed END cinema
John Wilman		csio1190	Town Centres you want to go to	22	There are far too many A3 uses (takeaways) we need to reopen End Cinema
John Wilman		csio1191	Town Centres you want to go to	23	Sites should only be redeveloped where they are of no architectural interest
John Wilman		csio1192	A healthy environment to enjoy	26	These are leading questions - why would anyone want to protect water etc.
John Wilman		csio1193	A healthy environment to enjoy	27	The council should pay now for facilities
John Wilman		csio1194	Safe and Inclusive Neighbourhoods	28	We do not want gated communities of all quiet streets fenced off which can result from secured by design
John Wilman		csio1195	Safe and Inclusive Neighbourhoods	30	Comprehensive development is not always the solution to deprivation.
John Wilman		csio1196	Doing our bit for the environment	34	Borough wide is unrealistic - district wide is more likely
John Wilman		csio1197	Doing our bit for the environment	36	Re: (require energy efficiency measures for all properties) - how? There is no control across the board.
John Wilman		csio1198	Doing our bit for the environment	37	Set high standards for council buildings

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
John Wilman		csio1199	General Comments	-	Many of these questions are leading questions such as q35. Who could possibly object to controlling air pollution? This process is all well and good but in order to achieve any of these things the members and staff of the departments need to rethink the 'I do' attitude so prevalent in the borough - which is demonstrated in the mediocre environment around us.
Julie Mina	The Surgery	csio1163	Improving Housing Quality and Choice	8	Affordable housing only to be made available to families that can prove they have lived in the area for 20 years
Julie Mina	The Surgery	csio1164	Improving Housing Quality and Choice	11	Demolish old homes and build better new homes
Julie Mina	The Surgery	csio1165	Investing in our economy	16	Lower council tax
Julie Mina	The Surgery	csio1166	Town Centres you want to go to	20	Build more family oriented facilities such as cinemas and bowling facilities
Julie Mina	The Surgery	csio1167	Town Centres you want to go to	23	Build a station in Lea Bridge Road to join Stratford and James St
Julie Mina	The Surgery	csio1168	A healthy environment to enjoy	24	Put a David Lloyd centre in Orient way
Julie Mina	The Surgery	csio1169	Travelling efficiently between places	31	A bus doing a clockwise route from ASDA Leyton Church Rd Lea Bridge, Orient Way
Julie Mina	The Surgery	csio1170	Travelling efficiently between places	33	Lea Bridge station
K Pilling		csio1134	Improving Housing Quality and Choice	6	Build less housing in borough
K Pilling		csio1135	Improving Housing Quality and Choice	8	15%
K Pilling		csio1136	Improving Housing Quality and Choice	12	Existing provision
K Pilling		csio1137	Investing in our economy	14	Remove transport/parking restrictions making travel by car easier
K Pilling		csio1138	Investing in our economy	15	Remove parking restrictions/zones
K Pilling		csio1139	Investing in our economy	16	Ease access and travel by car within borough
K Pilling		csio1140	Travelling efficiently between places	31	Improve car travel and parking within the Borough
K Pilling		csio1141	Travelling efficiently between places	32	Remove parking zones and traffic calming

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
K Pilling		csio1142	Travelling efficiently between places	33	Remove parking restrictions
K Pilling		csio1143	Doing our bit for the environment	34	Relate population/Dwelling in Borough
K Pilling		csio1144	Doing our bit for the environment	35	Minimise new building
K Pilling		csio1145	Doing our bit for the environment	36	Remove population density
K Pilling		csio1146	General Comments	-	To attract business into Borough it is necessary to improve access by road and remove parking restrictions which discourage new business from locating here.
L S Wortley	Local Environmental Associations	csio1066	Improving Housing Quality and Choice	6	Only build the amount of new housing required by central government. We are getting near or reached lemming state
L S Wortley	Local Environmental Associations	csio1067	Improving Housing Quality and Choice	7	See other in Q6
L S Wortley	Local Environmental Associations	csio1068	Improving Housing Quality and Choice	11	Home to allow carers to have holiday's temporary respite also for hospital patients cured but not strong enough to care for themselves till totally recovered. One home may cover both problems.
L S Wortley	Member of environmental group	csio1069	Improving Housing Quality and Choice	12	Only cover what state requires.
L S Wortley	Member of environmental group	csio1070	Investing in our economy	16	Public transport provision only. See Q33 other.
L S Wortley	Member of environmental group	csio1071	Making the most of our education	19	Schools should be open & staffed 24 hours a day, so that facilities can be used by all, i.e. gym, library, computers, sporting equipment areas etc.
L S Wortley	Member of environmental group	csio1072	Town Centres you want to go to	20	Control & maintain current centres, Too many take aways & fast food shops. Keep clean. Provide litterbins & empty regularly. See Q23(c)
L S Wortley	Member of environmental group	csio1073	Town Centres you want to go to	22	See other in Q20
L S Wortley	Member of environmental group	csio1074	Town Centres you want to go to	23	Most important - do not waste money as Arcade sites in Walthamstow High St

M Steel		csio1759	Travelling efficiently between places	33	More bus lanes
M Steel		csio1760	General Comments	-	To improve health and safety, cleaner streets, zero tolerance to graffiti and fly tipping
Marion Waterman		csio1425	Improving Housing Quality and Choice	12	No provision should be made
Mark Westcott	Architect & Landscape Architect	csio1258	Protecting and Improving our places	1	Have adequate staff to promote both in numbers and skills
Mark Westcott	Architect & Landscape Architect	csio1259	Protecting and Improving our places	2	Adequate staff resources
Mark Westcott	Architect & Landscape Architect	csio1260	Protecting and Improving our places	3	Adequate staffing required
Mark Westcott	Architect & Landscape Architect	csio1261	Protecting and Improving our places	5	Through flood risk assessment by developer with mitigation proposals to overcome -properly though through development can happen in flood risk zones.
Mark Westcott	Architect & Landscape Architect	csio1262	Improving Housing Quality and Choice	6	Infrastructure requires improvement before any further development and existing development needs to be changed to family units, 3 beds and no more 1/2 bed flats with no external amenity
Mark Westcott	Architect & Landscape Architect	csio1263	Improving Housing Quality and Choice	7	Planning officer staff required
Mark Westcott	Architect & Landscape Architect	csio1264	Improving Housing Quality and Choice	8	Option 1 but noting that the term is never properly defined
Mark Westcott	Architect & Landscape Architect	csio1265	Improving Housing Quality and Choice	9	Free market should operate
Mark Westcott	Architect & Landscape Architect	csio1266	Improving Housing Quality and Choice	10	What does "affordable" mean?

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Mark Westcott	Architect & Landscape Architect	csio1267	Improving Housing Quality and Choice	12	No further provision - integration required
Mark Westcott	Architect & Landscape Architect	csio1268	Improving Housing Quality and Choice	13	Provide more planning staff
Mark Westcott	Architect & Landscape Architect	csio1269	Investing in our economy	14	Provide a more attractive environment and better education
Mark Westcott	Architect & Landscape Architect	csio1270	Investing in our economy	15	Good environment with improved infrastructure and better education
Mark Westcott	Architect & Landscape Architect	csio1271	Investing in our economy	16	We may well be at saturation but more planners required
Mark Westcott	Architect & Landscape Architect	csio1272	Town Centres you want to go to	20	I'm not aware of a clear existing "hierarchy" - this is a very poor question
Mark Westcott	Architect & Landscape Architect	csio1273	Town Centres you want to go to	21	More planning staff required
Mark Westcott	Architect & Landscape Architect	csio1274	Town Centres you want to go to	22	More planning staff required
Mark Westcott	Architect & Landscape Architect	csio1275	Town Centres you want to go to	23	More planning staff required
Mark Westcott	Architect & Landscape Architect	csio1276	A healthy environment to enjoy	24	Provide better managed open space and existing facilities
Mark Westcott	Architect & Landscape Architect	csio1277	A healthy environment to enjoy	25	Properly staffed and budgeted
Mark Westcott	Architect & Landscape Architect	csio1278	A healthy environment to enjoy	27	And maintain existing facilities
Mark Westcott	Architect & Landscape Architect	csio1279	Safe and Inclusive Neighbourhoods	28	Cycling?
Mark Westcott	Architect & Landscape Architect	csio1280	Travelling efficiently between places	31	More planners required and rail link to Stratford. The Stratford curve (simple scheme - no stop needed on lea bridge road)
Mark Westcott	Architect & Landscape Architect	csio1281	Travelling efficiently between places	33	Rail and join up queen street with Walthamstow central
Mark Westcott	Architect & Landscape Architect	csio1282	Doing our bit for the environment	34	Irrelevant - free market conditions will achieve this
Mark Westcott	Architect & Landscape Architect	csio1283	Doing our bit for the environment	35	Free market will control this - leave alone
Mark Westcott	Architect & Landscape Architect	csio1284	Doing our bit for the environment	36	Let the market be free!
Mark Westcott	Architect & Landscape Architect	csio1285	Doing our bit for the environment	37	Not important
Mark Westcott	Architect & Landscape Architect	csio1286	General Comments	-	More planning staff required and a serious commitment to education, parks, open spaces, sports facilities and rail transport. Improve existing cycle routes that have deteriorated and are poorly maintained
Matthew Neal		csio1781	Improving Housing Quality and	6	Intensification in town centre

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
			Choice		
Matthew Neal		csio1782	Improving Housing Quality and Choice	7	Allow market forces to dictate mix of housing and population mix
Matthew Neal		csio1783	Improving Housing Quality and Choice	8	less than 35%
Matthew Neal		csio1784	Improving Housing Quality and Choice	9	Allow market forces to dictate
Matthew Neal		csio1785	Improving Housing Quality and Choice	11	First time buyers
Matthew Neal		csio1786	Improving Housing Quality and Choice	12	Don't know
Matthew Neal		csio1787	Investing in our economy	16	Mixed use developments
Matthew Neal		csio1788	Town Centres you want to go to	20	Specialisation is the key. Heading should read 'town centres to which you want to go'.
Matthew Neal		csio1789	Travelling efficiently between places	31	Intensification of uses
Matthew Neal		csio1790	Doing our bit for the environment	36	Don't know
Matthew Neal		csio1791	General Comments	-	Weighted questions need to be ranked for accurate results. Bad grammar on questions. Use of professional jargon unclear in parts. Some questions/options are all positive, therefore all will be ticked.
Maureen Measure	Energy Focus Group	csio1116	Protecting and Improving our places	5	No development in flood risk zones. Maybe playing fields/parks
Maureen Measure	Energy Focus Group	csio1117	Improving Housing Quality and Choice	13	Solar panels on all new developments
Maureen Measure	Energy Focus Group	csio1118	Making the most of our education	17	Why VT?
Maureen Measure	Energy Focus Group	csio1119	Making the most of our education	18	Why VT?
Maureen Measure	Energy Focus Group	csio1120	Making the most of our education	19	Why VT?
Mavis Veasey	Cobden Road Tenants and Residents Association	csio1200	Town Centres you want to go to	20	More shops
Melanie Hall		csio1693	Protecting and Improving our places	1	Continue old strategy of demolishing high-rise blocks by limiting new buildings to 3 - 5 storeys
Melanie Hall		csio1694	Investing in our economy	14	Build Waltham Forest's entertainment facilities so that people don't spread out of borough
Melanie Hall		csio1695	A healthy environment to enjoy	24	Improve cycle lanes

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Melanie Hall		csio1696	Safe and Inclusive Neighbourhoods	28	Improve leisure facilities for young people to encourage them from the streets
Melanie Hall		csio1697	Safe and Inclusive Neighbourhoods	29	Sure start works - greater funding for children's centres?
Melanie Hall		csio1698	Travelling efficiently between places	32	Avoid high density developments in already congested areas - e.g. [Banbury] Park
Melanie Hall		csio1699	General Comments	-	Sadly the questionnaire reflects residents concerns that the Council is only concerned with building new housing (for more Council tax) and some new businesses without any concern for the cultural life of the borough - no cinema, no theatre, reduced access to William Morris Gallery etc. In addition no one seems to acknowledge that additional housing, while raising revenue, will cause more trouble than its worth with massively increased congestion (Banbury Park's only concession to the already congested Billet Road are a hope for additional bus route and asking people to cycle) and more children looking for places in already overcrowded schools. Not to mention the fact that most new developments are 5 stories high or more - what happened to the borough demolishing council high rise lower blocks? These new buildings will increase anti-social behaviour because no one in the top half will have any feeling for the community. All planning at the moment seems too focused on multiple occupancy (with no room for families - the future of the borough) and not for the good of the community.
Mr. G Nevill		csio1761	Protecting and Improving our places	3	A dedicated Council department to oversee this
Mr. G Nevill		csio1762	Making the most of our education	19	Why can't they just stay as schools
Mr. G Nevill		csio1763	Travelling efficiently between places	33	Hall farm curve link, so obviously a useful thing

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Mr. G Nevill		csio1764	General Comments	-	Regarding Question3 - better links to Eurostar and Channel tunnel would make E17, E4 etc an attractive area for investment. Strong protection for our green spaces needed.
Mrs I Benjamin	Chingford Chamber of Commerce	csio1325	Protecting and Improving our places	2	If others are identified - decision to be made
Mrs I Benjamin	Chingford Chamber of Commerce	csio1326	Improving Housing Quality and Choice	6	Build on brownfield sites only
Mrs I Benjamin	Chingford Chamber of Commerce	csio1327	Improving Housing Quality and Choice	9	20% social rented, 20% intermediate, 60% private
Mrs I Benjamin	Chingford Chamber of Commerce	csio1328	Improving Housing Quality and Choice	10	mixed, as Q9
Mrs I Benjamin	Chingford Chamber of Commerce	csio1329	Town Centres you want to go to	20	No more supermarkets - they are strangling town centres
Mrs I Benjamin	Chingford Chamber of Commerce	csio1330	Travelling efficiently between places	33	Extend the underground service to Chingford
Mrs I Benjamin	Chingford Chamber of Commerce	csio1331	General Comments	-	If the council continues to increase revenue by raising parking charges, people will go where parking is free, therefore small shops will close due to lack of customers, communities will have no focus and eventually areas become subject to trouble from every quarter. You should allow free (time constrained) parking in local shopping centres.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1048	Protecting and Improving our places	1	Some areas would need new developments to integrate but modern and futuristic designs should be included.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1049	Protecting and Improving our places	3	Areas at risk should be identified as well as protecting existing sites. Improved management should cover all three. There is no option.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1050	Protecting and Improving our places	5	Flood risk areas - Insurance companies can refuse insurance on properties in flood risk areas. High premiums can be offered usually unacceptable.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1051	Improving Housing Quality and Choice	6	Other - All non-statutory open space land should be used, as the present use would only have been designated Temporary.

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1052	Improving Housing Quality and Choice	7	Some areas have large properties of single working people who have no stable living accommodation. They should be provided for. They are part of the community.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1053	Improving Housing Quality and Choice	8	In some parts of the borough - 50%. Homebuyers should not be denied buying into the borough to lift-it-up. Others who will never be able to buy homes should be provided for. Children are entitled to grow up in a decent home and attend a decent school.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1054	Improving Housing Quality and Choice	9	Key workers are often offered intermediate housing. It causes problems when they need to move to a different area to work. They should be given social rented accommodation whilst living in the boroughs in which they work.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1055	Improving Housing Quality and Choice	10	Other - Separate sites, managed by Council - Housing Association. No sell off. The private professional landlords are causing the deterioration of areas. Many charge high rents, for rooms, or whole - houses. They do not maintain their properties. They exploit their tenants often not returning their deposits. Private owned properties let on a professional basis should be registered with the council, so that maintenance can be imposed and tenants protected.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1056	Improving Housing Quality and Choice	11	Other - More support for people to remain in their own homes. It is more cost effective and people are more content and happier.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1057	Improving Housing Quality and Choice	13	Residential housing is the best form of policing. Shopping areas devoid of this can become deserted no-go areas. New roads without housing are unsafe for pedestrians.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1058	Investing in our economy	14	Spitalfields market did not provide any jobs for local people-non-skilled. The superstores provide low wages, part-time work.

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1059	Investing in our economy	15	Encourage young people to go for skilled work training. Semi-skilled training. Trade colleges linked to companies, sponsoring. Instead of privatising council services, the council should be employing local people.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1060	Investing in our economy	16	Small skilled businesses should be supported/encouraged. Employment should be encouraged from local people.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1061	Making the most of our education	17	No school should be without a playground area. Playing fields are essential to schools, sport, exercise, leisure.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1062	Town Centres you want to go to	22	Instead of discouraging quality shops as not befitting the people in the area, encourage them and attract others to the area. A mixed society is made up of all types and talents.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1063	A healthy environment to enjoy	24	Promote better transport links. Discourage car-use. CPZ - designated not consultation. Encourage delivery from food stores to homes; lessen the impact of out-of-borough shoppers on local streets, roads. Better cycle routes, not twelve inches alongside a busy dangerous road. Children could use these cycle routes and grow up to be cyclists, not motorists. Replace green open areas (taken away from locals) as recreation areas for children to just PLAY, ie ball games, Frisbees, batball, kites; just to run around, let-off-steam. They do not want to always use Sports Centres in controlled environs.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1064	A healthy environment to enjoy	26	All should be managed. There can be no options.
Mrs Jean Gibson	Ruckholt Manor Residents Association	csio1065	Safe and Inclusive Neighbourhoods	28	More policemen on our streets, CCTV in strategic places.
Mrs Meher Khan	Muslim Women's Welfare Association	csio1016	Improving Housing Quality and Choice	6	Allow private landlords to develop their properties, i.e. into flats etc
Mrs Meher Khan	Muslim Women's Welfare Association	csio1017	Improving Housing Quality and Choice	7	Encourage private landlords to build/change their properties
Mrs Meher Khan	Muslim Women's Welfare Association	csio1018	Investing in our economy	14	Adequate parking facilities

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Mrs Meher Khan	Muslim Women's Welfare Association	csio1019	Investing in our economy	15	Plenty of parking facilities
Mrs Meher Khan	Muslim Women's Welfare Association	csio1020	Travelling efficiently between places	32	More parking space
Mrs Meher Khan	Muslim Women's Welfare Association	csio1021	General Comments	-	We need to support local businesses by providing free parking spaces (2 hr). Parking metres pay and display. Lower the fine amounts.
Mrs.T. Feaster		csio1765	Town Centres you want to go to	22	Sort out the cinema
Mrs.T. Feaster		csio1766	Town Centres you want to go to	23	Build low rise town centre
Mrs.T. Feaster		csio1767	A healthy environment to enjoy	25	Don't waste money for no gain e.g. Lloyd Park
Mrs.T. Feaster		csio1768	A healthy environment to enjoy	27	Don't knock down the theatre - maintain it.
Mrs.T. Feaster		csio1769	Travelling efficiently between places	32	Don't put housing in the town centre
Mrs.T. Feaster		csio1770	Travelling efficiently between places	33	Reduce car access to Walthamstow Centre. Public transport increased.
Mrs.T. Feaster		csio1771	Doing our bit for the environment	36	monetary incentives
Mrs.T. Feaster		csio1772	General Comments	-	'If it isn't broke - don't fix it!' (i.e. don't throw money at it). Think of the future Re: cinema, theatre, park and town centre (get things done now)
Ms E A Day		csio1415	Improving Housing Quality and Choice	6	Build on brown field sites but not high density
Ms E A Day		csio1416	Investing in our economy	14	Must include education and skills improvement facilities for older people
Ms E A Day		csio1417	Travelling efficiently between places	32	No way to local congestion charging
Ms Jane Sterland	Ferndale Area Residents Association	csio1287	Protecting and Improving our places	1	Introduce modern designs selectively and with regard to impact on neighbouring buildings
Ms Jane Sterland	Ferndale Area Residents Association	csio1288	Protecting and Improving our places	5	Ensure drains/drainage channels/drain covers are maintained properly and regularly so they can cope with sudden downpours and minimise flooding
Ms Jane Sterland	Ferndale Area Residents Association	csio1289	Improving Housing Quality and Choice	6	High density but not "high rise" e.g. modern terracing. Protect green spaces - we need them more than ever
Ms Jane Sterland	Ferndale Area Residents Association	csio1290	Improving Housing Quality and Choice	7	Provide a mix of housing types within developments

<b>Name</b>	<b>Organisation</b>	<b>Response ID</b>	<b>Theme</b>	<b>Question No. (see questionnaire)</b>	<b>Consultee's Comments/Summary</b>
Ms Jane Sterland	Ferndale Area Residents Association	csio1291	Improving Housing Quality and Choice	11	I don't have the knowledge o care needed to answer this question
Ms Jane Sterland	Ferndale Area Residents Association	csio1292	Improving Housing Quality and Choice	12	Involve gypsies /travellers in designing solutions based on their needs
Ms Jane Sterland	Ferndale Area Residents Association	csio1293	Investing in our economy	15	better quality design of business sites. Enforce Existing standards
Ms Jane Sterland	Ferndale Area Residents Association	csio1294	Investing in our economy	16	Better use of existing/underused sites
Ms Jane Sterland	Ferndale Area Residents Association	csio1295	Making the most of our education	19	Involve local community at all stages of development
Ms Jane Sterland	Ferndale Area Residents Association	csio1296	A healthy environment to enjoy	27	Provide appropriate new facilities through council/grant funding
Ms Jane Sterland	Ferndale Area Residents Association	csio1297	Safe and Inclusive Neighbourhoods	28	Encourage/provide start-up funding for more residents associations and neighbourhood watches
Ms Jane Sterland	Ferndale Area Residents Association	csio1298	Safe and Inclusive Neighbourhoods	30	Involve communities in designing their own solutions
Ms Jane Sterland	Ferndale Area Residents Association	csio1299	Travelling efficiently between places	31	Provide more information on sustainable transport options/keep fares low
Ms Jane Sterland	Ferndale Area Residents Association	csio1300	Doing our bit for the environment	36	More information on reducing energy waste. All new build houses/businesses to meet high energy efficiency standards
Ms Lynne Troughton		csio1604	General Comments	-	I would like to see the borough as an organisation set the standard for sustainability by example. e.g. turn the fountain into a desert garden, encourage the growing of fruit bearing trees and shrubs and driving the message home to staff.
Ms Sheila Delaney		csio1586	Protecting and Improving our places	2	Issue - understand the planning laws are being under review. Why has the planning dept allowed listed buildings to go to rack & ruin? Surely a more proactive stance is preferred?
Ms Sheila Delaney		csio1587	Protecting and Improving our places	5	Issue - Are London & Quadrant (the alleged new managers of the Dog Stadium) going to be allowed to build hew housing on what has been identified as a a flood plain?

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Ms Sheila Delaney		csio1588	Improving Housing Quality and Choice	6	Issue - Option C ticked (build in vacant/underused land) as long as it isn't listed building and/or of historical interest to the community.
Ms Sheila Delaney		csio1589	Investing in our economy	15	Option A ticked - good design should incorporate aspects of sustainability.
Ms Sheila Delaney		csio1590	Investing in our economy	16	Option A ticked - as before - but not to the detriment of open spaces/heritage sites.
Ms Sheila Delaney		csio1591	Town Centres you want to go to	23	Option A ticked - see comments on Q5.3 7& Q4.1.
Ms Sheila Delaney		csio1592	A healthy environment to enjoy	27	Option A ticked - the dog track! Brings together a diverse mix of people for a cheap night out. Option c ticked - a cinema would be good. Why can't money be found to rescue the EMD? A beautiful building that has sat empty for 6 years! Disgraceful.
Ms Sheila Delaney		csio1593	Safe and Inclusive Neighbourhoods	28	Option - more strategic though needs to be applied to this concept. What has happened to the regular police meetings within the wards? These were never advertised well enough - use technology available!
Ms Sheila Delaney		csio1594	Travelling efficiently between places	31	Option - as a non-driver, I still do not believe residents should be penalised for having a car. However more focus on enhancing transport to high trip-generating developments is welcome. For example hw difficult is it for me to get to Lea Valley Leisure Park? Very!
Ms Sheila Delaney		csio1595	Travelling efficiently between places	33	Option - Option A ticked - I think this would be very good for Walthamstow - particularly in view of 2012 Looming. These two vibrant areas are very near (as the crow flies) but difficult to access from one area to another.

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Ms Sheila Delaney		csio1596	General Comments	-	Chapter 1 -Very comprehensive - but do residents' feelings about local issues get listened to? I refer to 'protecting & improving our place (1-22). I refer specially to the end. Dog Stadium & protest against high-rise near Blackhorse Rd/High St. Are the council ensuring 'best fit' regarding these issues? Chapter 2 - Spatial vision - 'Our place in London' I agree that Waltham Forest appears to be a rich ethnic mix & there is a reasonable degree of tolerance, although I believe the 2012 games will highlight the attributes of East London (good transport/open spaces etc). I do not think building the new (Olympic park) should be at the detriment of letting the old go - EMD- listed building + the listed Building Stadium - Although these are privately owned I think WFC has sat on its hands' regarding this.
Ms Usha Parmar		csio1514	Improving Housing Quality and Choice	11	Care homes for different cultural communities
Ms Usha Parmar		csio1499	Investing in our economy	15	Improve industrial parks facilities and modernise all existing ones
Ms Usha Parmar		csio1500	Making the most of our education	19	Set up evening/weekend and summer use of facilities for community use but the facilities would need major modernisation i.e. for adults - proper chairs/tables
Ms Usha Parmar		csio1501	Town Centres you want to go to	21	The growth should be relevant to the cliental and demographics not just for the sake of it
Ms Usha Parmar		csio1502	Town Centres you want to go to	22	Find out what people in the borough want e.g. [people] want studios/flats but there s a massive shortage
Ms Usha Parmar		csio1503	Town Centres you want to go to	23	Lack of strategy creates areas like wood street antique market - which would be really vibrant but has no management or vision.
Ms Usha Parmar		csio1504	A healthy environment to enjoy	24	Re: opt 2 - a impossible to walk or negotiate the 406 from north to south without using a nasty subway - create more walkways b) more gyms in parks across the borough, c) more assault courses instead of play areas for older kids

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Ms Usha Parmar		csio1505	A healthy environment to enjoy	25	Create more linkages between green spaces i.e. walking routes. Create more links of green areas going east to west and create better access to upper lea valley from Chingford.
Ms Usha Parmar		csio1506	A healthy environment to enjoy	26	Control noise levels of roads by using permeable road surfaces
Ms Usha Parmar		csio1507	A healthy environment to enjoy	27	Make better use of existing spaces so used by day as well as by night
Ms Usha Parmar		csio1508	Safe and Inclusive Neighbourhoods	28	a) Get rid of junk food places and their litter b) use more solar lighting around risk areas
Ms Usha Parmar		csio1509	Safe and Inclusive Neighbourhoods	30	Have more stringent application of Section 106
Ms Usha Parmar		csio1510	Travelling efficiently between places	31	Have better walking links and make pedestrian rights priority. Have cycle hire and drop off facilities
Ms Usha Parmar		csio1511	Travelling efficiently between places	32	Community events to help individuals plan alternative ways of travel
Ms Usha Parmar		csio1512	Travelling efficiently between places	33	re: opt4 - with the pedestrian having shared access of road and priority on lights
Ms Usha Parmar		csio1513	General Comments	-	it is impossible to get onto bus 212 in the morning from Highams Park onwards and people we left waiting several buses at a time - especially Fulbourne road. Why isn't there a double decker or more frequent service?
Nigel Girling		csio1481	Town Centres you want to go to	20	More parking will attract more people
Nigel Girling		csio1482	Safe and Inclusive Neighbourhoods	30	You should only use planning powers for planning use
Nigel Girling		csio1483	Travelling efficiently between places	31	Make cars carbon free
Nigel Girling		csio1484	Doing our bit for the environment	35	Encourage zero carbon
Nigel Girling		csio1485	Doing our bit for the environment	36	Grant and vat free
Olive Tobitt		csio1363	Improving Housing Quality and Choice	8	80% affordable housing target
Olive Tobitt		csio1364	Investing in our economy	14	Free NVQ training
Olive Tobitt		csio1365	Making the most of our education	19	Shared space voluntary sector
Olive Tobitt		csio1366	Doing our bit for the environment	36	Give grants to home owners

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Percy G C Wilding		csio1377	Safe and Inclusive Neighbourhoods	28	Cycling
Percy G C Wilding		csio1378	Travelling efficiently between places	31	Sustainable transport issues raised in attached letter. Specific request for shared cycle paths, secure cycle parking, and for a cycle friendly bridge at the end of Black [path] over the railway and canal.
Percy G C Wilding		csio1379	Travelling efficiently between places	33	Link Walthamstow Central with Queens Road Station. This has been outstanding for years
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1486	Improving Housing Quality and Choice	6	Not unless I is well designed private quality housing
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1487	Improving Housing Quality and Choice	7	Summary: far more social housing than is manageable in the Borough
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1488	Improving Housing Quality and Choice	8	Maximum 30%
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1489	Improving Housing Quality and Choice	9	Maximum 30% - we have some slum housing already
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1490	Improving Housing Quality and Choice	11	Only if appropriately managed
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1491	Improving Housing Quality and Choice	13	Play space could add to crime problems
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1492	Making the most of our education	17	Ensure that pupils are local
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1493	Making the most of our education	18	Ensure that pupils are local
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1494	Town Centres you want to go to	20	Scrap the 'traffic management' arrangements in Leytonstone, let the traffic flow.
Philip Dundon	Cann Hall Area Residents Association (CHARA)	csio1495	General Comments	-	In general the borough has become very run down in the last 3 years. Too many take away and far too many high rise [...] becoming flats
Pooneeta Mahadeo	Children and Young People Services	csio1440	General Comments	-	When there are new developments (regeneration) services should be planned and built in as well - there is no point building lots of new homes with no facility for education, health etc.

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Prof. Willard McCarty	King's College London	csio1457	Protecting and Improving our places	1	Incorporate environmentally sustainable features in new developments so long as these don't degrade the character of the area.
Prof. Willard McCarty	King's College London	csio1458	Improving Housing Quality and Choice	7	Option 2 as long as rubbish collection is possible without bins on the pavement
Prof. Willard McCarty	King's College London	csio1459	Improving Housing Quality and Choice	10	Housing corporations in Canada, especially Toronto, should be taken as an example to follow.
Prof. Willard McCarty	King's College London	csio1460	Improving Housing Quality and Choice	12	Gypsies and travellers should be offered sites on condition that they maintain them to acceptable standards
Prof. Willard McCarty	King's College London	csio1461	Town Centres you want to go to	22	Option 1: only if the rubbish collection problem is solved. Option 4: especially centres like the Leyton Leisure Lagoon.
Prof. Willard McCarty	King's College London	csio1462	A healthy environment to enjoy	24	Option 1: Especially centres like the Leyton Leisure Lagoon
Prof. Willard McCarty	King's College London	csio1463	A healthy environment to enjoy	26	And television pollution
Prof. Willard McCarty	King's College London	csio1464	General Comments	-	Refer to attached letter. Main issues raised in the letter are cleanliness of the streets, police patrolling the streets, properties and public facilities being maintained, and lack of enforcement.
R Jaffari	Amir Kusro Society (UK)	csio1238	Protecting and Improving our places	2	History and heritage values of Walthamstow should be preserved

R Jaffari	Amir Kusro Society (UK)	csio1246	Making the most of our education	17	No new or existing schools should be without a playground
R Jaffari	Amir Kusro Society (UK)	csio1247	Making the most of our education	18	No new or existing school should be without a sports ground
R Jaffari	Amir Kusro Society (UK)	csio1248	Town Centres you want to go to	20	Selborne Walk shopping centre could be improved by putting a couple more storeys like Wood Green or Ilford exchange.
R Jaffari	Amir Kusro Society (UK)	csio1249	Town Centres you want to go to	21	all shopping centres could be converted or newly built like Ilford exchange
R Jaffari	Amir Kusro Society (UK)	csio1250	A healthy environment to enjoy	27	There is a great shortage of community centres/halls
R Jaffari	Amir Kusro Society (UK)	csio1251	Safe and Inclusive Neighbourhoods	28	CCTV cameras to be installed everywhere
R Jaffari	Amir Kusro Society (UK)	csio1252	Safe and Inclusive Neighbourhoods	29	Preserve and maintain old centres like Lloyd Park theatre and provide new halls
R Jaffari	Amir Kusro Society (UK)	csio1253	Safe and Inclusive Neighbourhoods	30	all regeneration's [mixed] developments should have art/leisure facilities
R Jaffari	Amir Kusro Society (UK)	csio1254	Travelling efficiently between places	31	increase bus routes throughout possible residential areas like W12
R Jaffari	Amir Kusro Society (UK)	csio1255	Travelling efficiently between places	32	increase more bus routes
R Jaffari	Amir Kusro Society (UK)	csio1256	Travelling efficiently between places	33	INCREASE BUS ROUTES THROUGH RESIDENTIAL AREAS LIKE W12
R Jaffari	Amir Kusro Society (UK)	csio1257	General Comments	-	PUT METERS IN AND AROUND shopping centres for parking; increase bus routes wherever possible; increase greenfields where ever there is an open, unused space
Reverend L Goldsmith	Church of England	csio1685	Protecting and Improving our places	4	encourage developer to see how design can be a selling point
Reverend L Goldsmith	Church of England	csio1686	Improving Housing Quality and Choice	10	adjacent to good public transport links
Reverend L Goldsmith	Church of England	csio1687	General Comments	-	Use less jargon in future consultations

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Richard Ashman		csio1549	Protecting and Improving our places	1	Issue - The most distinctive buildings in our borough are not sufficiently protected, promoted or endorsed by the council. This includes the world famous greyhound Stadium, EMD cinema and Walthamstow's conversation areas. Option - Absolutely vital to ensure new development are sympathetic to and work with existing developments. A holistic, integrated approach shows clearly thought-out planning.
Richard Ashman		csio1550	Protecting and Improving our places	2	Issue - The most distinctive building in the whole of Waltham Forest is the Greyhound Stadium - an entry point between Walthamstow + Chingford and important asset to the borough. Option - To be sure over heritage is well maintained, in character and looked after.
Richard Ashman		csio1551	Protecting and Improving our places	4	Issue - very important to ensure all new developments have accessibility factored in from the start of the design stage.
Richard Ashman		csio1552	Protecting and Improving our places	5	Issue - There is strong evidence of greater flood risks in future, particularly for housing, all areas with any degree of risk should be avoided completely.
Richard Ashman		csio1553	Improving Housing Quality and Choice	6	Issue - housing targets should not be met at the cost of everything else (open space, leisure facilities, shops etc) as increased housing puts massive pressure in the borough. Option - Avoid open spaces at all costs!
Richard Ashman		csio1554	Improving Housing Quality and Choice	7	Issue - a greater mix of dense/special housing is needed to cover all needs.
Richard Ashman		csio1555	Improving Housing Quality and Choice	9	Issue - there is a high number of social rented housing already - future development should be carefully controlled.
Richard Ashman		csio1556	Improving Housing Quality and Choice	10	I find this too difficult to come a conclusion!
Richard Ashman		csio1557	Improving Housing Quality and Choice	13	Issue - With an ageing population, play space is best provided in parks - high quality design is worth it, even of costs are high - bad design is a false economy.

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Richard Ashman		csio1558	Investing in our economy	14	The 'latest technologies' are not a sure means of securing the local economy, but skills and access to employment are key.
Richard Ashman		csio1559	Investing in our economy	15	Issue - HGV access should be limited in favour of improved public transports links.
Richard Ashman		csio1560	Investing in our economy	16	Issue - remaining industry should be supported + encourage with a mix of smaller business.
Richard Ashman		csio1561	Making the most of our education	17	Issue - Improving + expanding new schools is favourable to creating new ones with limited space available.
Richard Ashman		csio1562	Making the most of our education	18	Issue - Accessing all supports facilities is vital to discouraging potential criminal activities when the children approach adulthood.
Richard Ashman		csio1563	Town Centres you want to go to	20	Issue - trying to 'compete' with Stratford City and elsewhere in terms of shops is impossible. Focusing on Walthamstow's distinctive market is important. The only 'iconic cinema' in Waltham Forest is the EMD!
Richard Ashman		csio1564	Town Centres you want to go to	21	Issue - Why try and compete with other areas? It won't help or benefit Waltham Forest - everywhere else is destroying its old distinctiveness in the aim to compete (i.e. Enfield town)
Richard Ashman		csio1565	Town Centres you want to go to	22	Yes, Limit fast food outlets, solicitors + estate agents to increase variety interest.
Richard Ashman		csio1566	Town Centres you want to go to	23	Issue - there are many under used or poorly maintained areas that should be improved before new developments are planned.
Richard Ashman		csio1567	A healthy environment to enjoy	24	Issue - more + improved leisure facilities are needed.
Richard Ashman		csio1568	A healthy environment to enjoy	25	Issue - Get rid of graffiti, limit + discourage vandalism + increase our park spaces.
Richard Ashman		csio1569	A healthy environment to enjoy	27	Option - Using existing facilities + improving them is the least expensive option?
Richard Ashman		csio1570	Safe and Inclusive Neighbourhoods	28	Issue - Walthamstow has unacceptably high levels of crime.

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Richard Ashman		csio1571	Safe and Inclusive Neighbourhoods	29	Issue - different communities may 'get on' with others in Waltham Forest but I don't see sign that they mix. Option - We should eliminate 'white', 'Asian' ghettos etc and ensure everyone feels included and interacts with all communities.
Richard Ashman		csio1572	Safe and Inclusive Neighbourhoods	30	Issue - One of the biggest issues in the borough need to give employment opportunities and good leisure facilities to all.
Richard Ashman		csio1573	Travelling efficiently between places	31	Issue - pressurise London underground to provide 100% of trains to run to Walthamstow Central (1 in 4 do not serve Blackhorse Rd + Central Stations).
Richard Ashman		csio1574	Travelling efficiently between places	32	Issue - need to reduce commuting/unnecessary travel where possible.
Richard Ashman		csio1575	Travelling efficiently between places	33	Option - the road network should only be enhanced after public transport is improved.
Richard Ashman		csio1576	Doing our bit for the environment	34	Issue - Majority of housing stock needs to be better insulated.
Richard Ashman		csio1577	Doing our bit for the environment	35	Issue - Developers need coercion + encouragement to build sustainable homes.
Richard Ashman		csio1578	Doing our bit for the environment	36	Issue - see earlier comment (better insulation).
Richard Ashman		csio1579	General Comments	-	Chapter 1 - introduction - The opportunity to have an involvement in the future of Waltham Forest is very welcome. However, the complexity of both the overall consultation document and reply form would prohibit many people engaging in the process. Chapter 2 Spatial Vision - The key area for me in this chapter relates to housing and wealth. Clearly an increasing population over the past 20 years has not contributed to the borough's wealth - in fact the opposite has occurred and there is no clear indication residents within the borough will be wealthier or their will be a greater proportion of wealthier residents in the future. A lack of employment in the borough is, I feel partly to blame plus lower degree of educational achievement in general.

Ronald Sharp	DBJ (Woodford) Ltd	csio1014	Travelling efficiently between places	31	Free public transport would save pollution
Ronald Sharp	DBJ (Woodford) Ltd	csio1015	General Comments	-	Have very heavy fines for litter. Crush untaxed and uninsured cars and vans including on travellers sites

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Sally Medcalf		csio1041	Protecting and Improving our places	1	Produce design guides
Sally Medcalf		csio1042	Protecting and Improving our places	3	Encourage residents to assist
Sally Medcalf		csio1043	Protecting and Improving our places	5	Keep river flood plains as wildlife areas
Sally Medcalf		csio1044	Improving Housing Quality and Choice	6	Promote use of space above shops for residential use
Sally Medcalf		csio1045	Travelling efficiently between places	31	Reduce need to travel - enable people to work, shop and relax where they live
Sally Medcalf		csio1046	Travelling efficiently between places	33	Wider range of hopper buses and cycle lanes. Campaign for lower bus fares.
Sally Medcalf		csio1047	General Comments	-	New developments should be more attractive and have some character. Currently the new homes are bland brick and glass boxes with no character - they could be anywhere. Ensure spaces around new developments are attractively landscaped and maintained.
Sandra MacPhee		csio1127	Protecting and Improving our places	1	Design of new development tends to be bland. There is a need to encourage the building of more interesting, high quality designs.
Sandra MacPhee		csio1128	Protecting and Improving our places	2	It is very important that sufficient attention and funding is given to this issue. Is there a detailed photographic record of the conservation areas? If not, there should be.
Sandra MacPhee		csio1129	Improving Housing Quality and Choice	7	Agree with the policy to restrict the conversion of houses into flats
Sandra MacPhee		csio1130	Improving Housing Quality and Choice	13	The need of older residents should be considered when play space is provided and safety and security should be built into the design and balanced against other design criteria.
Sandra MacPhee		csio1131	A healthy environment to enjoy	24	The problem of cyclists using the pavement needs to be addressed. They are a very real hazard for pedestrians.
Sandra MacPhee		csio1132	A healthy environment to enjoy	25	Good maintenance is required

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Sandra MacPhee		csio1133	General Comments	-	Well-presented introduction. The introduction to improving housing quality and choice 4.9 bullet point 4, second line - add "household" between the words "average" and "income". I understand this is the intended meaning. With regard to chapter 2 - our spatial vision - useful contextual information.
Sheena Dunbar	Age Concern Waltham Forest	csio1022	Protecting and Improving our places	1	Borough needs beauty
Sheena Dunbar	Age Concern Waltham Forest	csio1023	Protecting and Improving our places	4	Ensure sufficient parking for disabled people
Sheena Dunbar	Age Concern Waltham Forest	csio1024	Improving Housing Quality and Choice	6	Stop making housing until facilities and roads can support current population
Sheena Dunbar	Age Concern Waltham Forest	csio1025	Improving Housing Quality and Choice	11	Sheltered 'preventative' homes
Sheena Dunbar	Age Concern Waltham Forest	csio1026	Improving Housing Quality and Choice	13	Provide allotments for home grown foods. Provide local entertainment and social facilities (not pubs).
Sheena Dunbar	Age Concern Waltham Forest	csio1027	Investing in our economy	14	Enable employment in later life. Enable local voluntary sector and social enterprise growth
Sheena Dunbar	Age Concern Waltham Forest	csio1028	Investing in our economy	16	Encourage accessible office and work developments
Sheena Dunbar	Age Concern Waltham Forest	csio1029	Making the most of our education	19	But students behaviour need to enable community access
Sheena Dunbar	Age Concern Waltham Forest	csio1030	Town Centres you want to go to	20	Highams Park development well managed. Need to include community venues/buildings
Sheena Dunbar	Age Concern Waltham Forest	csio1031	Town Centres you want to go to	22	Plan for community buildings/venues and social enterprise
Sheena Dunbar	Age Concern Waltham Forest	csio1032	A healthy environment to enjoy	24	Provide high quality community buildings/venues
Sheena Dunbar	Age Concern Waltham Forest	csio1033	A healthy environment to enjoy	26	Control noise levels in housing developments/areas
Sheena Dunbar	Age Concern Waltham Forest	csio1034	A healthy environment to enjoy	27	Use of Town Hall site and 'Thorpe Coombe' site
Sheena Dunbar	Age Concern Waltham Forest	csio1035	Safe and Inclusive Neighbourhoods	28	Need public toilets on all routes as well as benches
Sheena Dunbar	Age Concern Waltham Forest	csio1036	Safe and Inclusive Neighbourhoods	29	Give priority to funding VCS infrastructure. Large central venues for communities to interact.
Sheena Dunbar	Age Concern Waltham Forest	csio1037	Safe and Inclusive Neighbourhoods	30	Encourage higher earners to stay in borough

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Sheena Dunbar	Age Concern Waltham Forest	csio1038	Travelling efficiently between places	31	Provide better public transport and environment
Sheena Dunbar	Age Concern Waltham Forest	csio1039	Travelling efficiently between places	32	Local congestion charging for other than one car per household and non resident traffic. Clean streets and collect refuse during the night.
Sheena Dunbar	Age Concern Waltham Forest	csio1040	General Comments	-	The borough needs a non-commercial 'Town Centre' development using social enterprise model
Stephen Harvie		csio1583	Improving Housing Quality and Choice	6	Don't build on playing fields
Stephen Harvie		csio1584	Improving Housing Quality and Choice	12	None as they pay nothing
Stephen Harvie		csio1585	A healthy environment to enjoy	25	Plant more trees
Steve Eagles	Aviary Properties Ltd	csio1092	Protecting and Improving our places	1	Take a more flexible approach
Steve Eagles	Aviary Properties Ltd	csio1093	Improving Housing Quality and Choice	8	25-35%
Steve Eagles	Aviary Properties Ltd	csio1094	Improving Housing Quality and Choice	10	Take a view based on the overall scheme
Steve Eagles	Aviary Properties Ltd	csio1095	Improving Housing Quality and Choice	12	But also take a tough stance against illegal pitches
Steve Eagles	Aviary Properties Ltd	csio1096	Travelling efficiently between places	33	Provide safe cycle routes not just a white line at the edge of the road
Steve Eagles	Aviary Properties Ltd	csio1097	Doing our bit for the environment	36	Lead by example
Stuart Howard		csio1654	Protecting and Improving our places	2	Need to know what conservation areas exist
Stuart Howard		csio1655	Protecting and Improving our places	3	Of course you will want all these
Stuart Howard		csio1656	Protecting and Improving our places	4	What on earth is 'inclusive design'??
Stuart Howard		csio1657	Improving Housing Quality and Choice	7	Need to know what is the kind of household sizes in the borough
Stuart Howard		csio1658	Improving Housing Quality and Choice	9	Do not understand these terms
Stuart Howard		csio1659	Improving Housing Quality and Choice	11	What assessments of need is these?

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Stuart Howard		csio1660	Improving Housing Quality and Choice	13	What does 'Design out crime' mean? Please explained 'sustainable construction principles'
Stuart Howard		csio1661	Investing in our economy	14	Expand the public sector
Stuart Howard		csio1662	Making the most of our education	17	Provide better incentives for teachers
Stuart Howard		csio1663	Making the most of our education	19	Cannot understand what either option means
Stuart Howard		csio1664	Town Centres you want to go to	20	Do not understand the meaning of any of these options - cannot imagine many other people will either - this is all jargon.
Stuart Howard		csio1665	A healthy environment to enjoy	26	Are these really different choices?
Stuart Howard		csio1666	Safe and Inclusive Neighbourhoods	29	What are 'option C - encourage provision of joint service centre'?
Stuart Howard		csio1667	Safe and Inclusive Neighbourhoods	30	Don't understand options
Stuart Howard		csio1668	Doing our bit for the environment	35	Don't understand all this
Stuart Howard		csio1669	Doing our bit for the environment	37	This questionnaire uses unintelligible jargon and assumes a great deal of knowledge about urban planning. It is not in any way a real consultation accessible to the majority of people in the borough.
Stuart Howard		csio1670	General Comments	-	This questionnaire uses unintelligible jargon and assumes a great deal of knowledge about urban planning. It is not in any way a real consultation accessible to the majority of people in the borough.
Superintendent	Epping Forest Office, City of London	csio1700	Making the most of our education	17	No impact on Epping Forest must result as a consequence of development
Superintendent	Epping Forest Office, City of London	csio1701	Making the most of our education	18	No impact on Epping Forest must result
Terry Hines		csio1536	Protecting and Improving our places	3	Retain a mix of open areas
Terry Hines		csio1537	Improving Housing Quality and Choice	6	Encourage semi basements as in central London
Terry Hines		csio1538	Improving Housing Quality and Choice	8	25%
Terry Hines		csio1539	Improving Housing Quality and Choice	11	Some housing needs to incorporate these needs, but not all.
Terry Hines		csio1540	Improving Housing Quality and	12	No provisions, remove existing

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
			Choice		
Terry Hines		csio1541	Improving Housing Quality and Choice	13	Discourage parking in front of gardens
Terry Hines		csio1542	Investing in our economy	15	Educate parents to educate children
Terry Hines		csio1543	Making the most of our education	19	Encourage out of school hours use by other groups
Terry Hines		csio1544	Town Centres you want to go to	20	Chingford Mount has really gone down hill and Station Road is following. Loughton is a much better environment to emulate.
Terry Hines		csio1545	A healthy environment to enjoy	24	Educate the parents to educate the children
Terry Hines		csio1546	Safe and Inclusive Neighbourhoods	29	Don't force it. Let it happen led by the children in integrated schools.
Terry Hines		csio1547	Travelling efficiently between places	31	Discourage parking by widening the footpath on critical routes
Terry Hines		csio1548	Doing our bit for the environment	36	Give a grant
Thomas		csio1201	Improving Housing Quality and Choice	9	This doesn't matter
Thomas		csio1202	Improving Housing Quality and Choice	10	Any free areas but with in depth consideration to all socio possibilities
Thomas		csio1203	Improving Housing Quality and Choice	11	for people needing a lot of support
Thomas		csio1204	General Comments	-	You did not fulfil previous detailed consultations (one way roads). Contact me for more information.
Tribal MJP (Agent)	Sir George Monoux College	csio1625	Improving Housing Quality and Choice	6	The release of vacant and underused sites should be encourage to meet the future housing needs of the borough. Open spaces should also be considered if they have no beneficial use.
Tribal MJP (Agent)	Sir George Monoux College	csio1626	Improving Housing Quality and Choice	7	The mix and density of developments should reflect the location and accessibility of sites.
Tribal MJP (Agent)	Sir George Monoux College	csio1627	Improving Housing Quality and Choice	8	Affordable housing provision should be flexible and based on site characteristics, the needs of the developer and accessibility.
Tribal MJP (Agent)	Sir George Monoux College	csio1628	Improving Housing Quality and Choice	10	The location of affordable housing should be based on individual site characteristics and the needs of developers/RSL's

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Tribal MJP (Agent)	Sir George Monoux College	csio1629	Investing in our economy	14	Provision should be made for the consolidation of education facilities which can provide increased training.
Tribal MJP (Agent)	Sir George Monoux College	csio1630	Making the most of our education	18	Provision should also be made for the enhancement of further education in the borough by consolidation of existing sites and the disposal of surplus land for development
Unknown		csio1792	Protecting and Improving our places	1	Ensure no more fast food shops are given permission to open
Unknown		csio1859	Protecting and Improving our places	1	You can't enhance Waltham Forest. It is bland anyway.
Unknown		csio1793	Protecting and Improving our places	2	Ensure the government does not build on green belt areas - as it promised
Unknown		csio1860	Protecting and Improving our places	2	stop any future developers and their back-handers.
Unknown		csio1861	Protecting and Improving our places	3	Only make them accessible by strict supervision.
Unknown		csio1794	Improving Housing Quality and Choice	6	Acquire houses etc that have been left empty for a long time
Unknown		csio1869	Improving Housing Quality and Choice	6	Brownfield sites but not high density
Unknown		csio1873	Improving Housing Quality and Choice	6	We have enough builds, how about more open spaces!
Unknown		csio1862	Improving Housing Quality and Choice	8	75%
Unknown		csio1795	Improving Housing Quality and Choice	10	Otherwise you will create ghettos and 'us and them'
Unknown		csio1688	Improving Housing Quality and Choice	12	Don't provide
Unknown		csio1857	Improving Housing Quality and Choice	12	Integration not separation
Unknown		csio1863	Improving Housing Quality and Choice	12	Give them everything, then they will stop complaining.
Unknown		csio1874	Improving Housing Quality and Choice	12	none we have enough
Unknown		csio1796	Investing in our economy	14	Encourage high quality shops and services - not cheap fast food and pawnbrokers

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
Unknown		csio1875	Investing in our economy	14	Spend wisely
Unknown		csio1797	Investing in our economy	15	If we continue to 'dumb down' W.F. we won't attract/create high quality anything
Unknown		csio1876	Investing in our economy	15	Good transport facilities, more parking, less litter, wider roads!?
Unknown		csio1798	Investing in our economy	16	More bus routes e.g. Walthamstow Central to Pickets Lock
Unknown		csio1864	Making the most of our education	17	Stop closing existing schools for developers' greed.
Unknown		csio1877	Making the most of our education	17	Do your best
Unknown		csio1799	Making the most of our education	18	Ensure there are no further academies - there are already problems at Walthamstow Academy
Unknown		csio1865	Making the most of our education	18	Same as Q17 answer
Unknown		csio1878	Making the most of our education	18	Do your very best
Unknown		csio1800	Making the most of our education	19	Have access to sports/playing areas outside school times for young people to use. What does 'enable better co-ordination of infrastructure programmes' mean?
Unknown		csio1801	Town Centres you want to go to	20	What does this question mean?
Unknown		csio1802	Town Centres you want to go to	22	Especially the quality of shops
Unknown		csio1803	A healthy environment to enjoy	24	Be proactive in dissuading government policy from expanding Stanstead and Heathrow. W.F. already has increased air traffic overhead which is creating more pollution.
Unknown		csio1866	Safe and Inclusive Neighbourhoods	28	Our communities will never be safe.
Unknown		csio1870	Safe and Inclusive Neighbourhoods	28	Teach our children the difference between right & wrong & respect for others ways of life. Putting others before yourself.
Unknown		csio1804	Safe and Inclusive Neighbourhoods	29	Proactive encouragement of people from all groups to take part in local Council meetings etc
Unknown		csio1867	Safe and Inclusive Neighbourhoods	29	I can't answer this one
Unknown		csio1805	Safe and Inclusive Neighbourhoods	30	Ensure developers are not given a free hand in building whatever they want
Unknown		csio1868	Safe and Inclusive	30	I didn't know there was any deprivation in this

Name	Organisation	Response ID	Theme	Question No. (see questionnaire)	Consultee's Comments/Summary
			Neighbourhoods		borough.
Unknown		csio1871	Safe and Inclusive Neighbourhoods	30	Improve education so young people can get work - with wages less deprivation
Unknown		csio1689	Travelling efficiently between places	32	Prioritise public trans
Unknown		csio1855	Travelling efficiently between places	32	CPZ should be provided on a fixed rate for all cars in household
Unknown		csio1806	Travelling efficiently between places	33	Improve links where necessary eg Pickets Lock to Walthamstow Central
Unknown		csio1872	Doing our bit for the environment	37	Encourage councillors to lead by example & to only use public transport
Unknown		csio1856	General Comments	-	CPZ should be cheaper also visitor's parking permits should be re-useable as done in L.B>. Ealing
Unknown		csio1858	General Comments	-	In partnership with the Lea Valley Cooperation - a road should be created from Coppermill Road, through Lea Valley to Standford Hill, North London, a track already exist. let all future building include renewable technologies in the development.
Unknown		csio1879	General Comments	-	Considering the LA has imported many of existing problems, it appears inappropriate to ask complicated + unreasonable questions. The officers = councillors have a duty of office to do their very best. The end result, we reap what we sow. Perhaps the community is doing the very best with poor management. Transport around the borough is almost impossible.
V Barre		csio1690	Safe and Inclusive Neighbourhoods	29	See Question 10 and 20 too
V Barre		csio1691	Travelling efficiently between places	32	Provide public car parks on outskirts
V Barre		csio1692	Doing our bit for the environment	36	Support/promote tax incentives
W. J. Smith	WJ Smith Surveyors	csio1007	Improving Housing Quality and Choice	11	Nursery's health centres
W. J. Smith	WJ Smith Surveyors	csio1008	Improving Housing Quality and Choice	12	More new sites with adequate facilities

<b>Name</b>	<b>Organisation</b>	<b>Response ID</b>	<b>Theme</b>	<b>Question No. (see questionnaire)</b>	<b>Consultee's Comments/Summary</b>
W. J. Smith	WJ Smith Surveyors	csio1009	General Comments	-	If possible more new schools, phase out old. More employment areas, training centres, etc for the young.
Y chin		csio1581	Improving Housing Quality and Choice	6	Identify vacant/disused houses and properties
Y chin		csio1582	Safe and Inclusive Neighbourhoods	28	It has to be community lead
