Subject: Response to Waltham Forest Local Plan 'Shaping the Borough' Examination.

Dear Ms Copsey

I have been a resident in London Borough of Waltham Forest for over 40 years.

I wholeheartedly agree with the concerns raised by the Highams Park Planning Group in their letter dated 17th January 2023.

I believe the council have erroneously decided to allow planning permission for over building in already populated areas. They have not taking into account residents views regarding massively overpopulation and stretching of all social amenities.

Yours sincerely
Carolyn De'Ath (Mrs)
