Subject: HRA response to Waltham Forest Local Plan (LP1) Examination. MIQS.

Dear Andrea Copley, we have read the letter dated 17th January 2023 sent to you by Highams Park Planning Group and are in total agreement with the views expressed.

It is also true that after many local surveys in recent years the vast majority of residents are in favour of maintaining the village feel of Highams Park District Centre and the low building levels of the surrounding area..

The Councils proposal of a 46.8 increase in housing and its proposal of 7 and 8 storey blocks, is totally against the wishes of the people who live here.

Please consider this in your deliberations. There is ample evidence of what I have said.

Very best wishes, Dave Jennings.

Chair - Highams Residents Association
