To whom it may concern,

As a resident born in Highams Park and now living in Chingford, I agree with the concerns raised in the letter from the Highams Park Planning Group dated 17th January 2023. I find your proposals in the Local Plan to be quite disturbing. The Highams Park planning group have gone in to depth regarding the impact on the local area and the huge problems with your proposal. As this has already been put to you in a professional manner, I feel I can comment in a less professional manner and say that most of these proposed plans stink of greed and the councils complete disregard for the area and the people living in it. Prioritising the need to appeal to developers. Will we ever experience a local council that acts in the interest of the residence regarding planning? I remain hopeful.
