Subject: Waltham Forest Local Plan Examination

Good morning Andrea,

I am writing to say I have read the letter from the Highams Park Planning Group dated 17th January 2023 regarding the Walthamstow Forest Local Plan Examination and agree with the comments contained therein. Furthermore I do not agree with the suggested heights which are inappropriate to the area. I am also concerned about the density of housing. Where is the infrastructure to support the new residents? Doctors, Schools etc. High density housing such as this will cause massive social problems in the future.

Yours Faithfully,

Kristy Sheed
