Subject: HP Planning Groups comments on local plan

Hi

I am emailing to say i have read response to the Local Plan given by HPPG dated 11 September 2023 and that i agree with all of that response.

I have also emailed separately in relation to the Clivedon Garages site of opportunity in which I focussed on the damage that will inevitably to Eppinmg Forest adjacent to that site that will result form increse footfall should it be developed. There is no alternative green space when the forest is on the doorstep of that site.

All Opportunity sites should be dropped from the local plan

Regards
Nigel reynolds
