Section 3 - Other matters.....	11
Section 4 - Feedback.....	11

Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary of State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally.
2. **This year's report must cover the 2022/2023 academic year and be submitted to the Office of the Schools Adjudicator (OSA) by 31 October 2023.**
3. Please note that, in response to feedback on the draft template, changes have been made to section 2C of this template.
4. Please also note that the OSA and Department for Education are planning a small project to ensure that the report is as useful as possible to local authorities, the OSA, DfE and others. As a result of this, there are likely to be changes made to the template for the 2023/2024 academic year.

Guidance on completing the template

5. We have included all the guidance on completing specific parts of the template in this section. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
6. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².
7. Guidance on specific questions and/or meaning of specific terms in this report:
 - a. "in-year admissions": This means admissions (that is children admitted to a school and not applications for places):
 - i. at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven primary school); and

¹ [Department for Education Statistical First Release](#)

² [The Education Middle School \(England\) Regulations 2002](#)

- ii. after the end of the statutory waiting list period (31 December) to a year group which is a normal year of admission for the schools concerned (such as Year R and Year 7).

b. Not applicable means at questions:

- i. Section 1: B.i. - B.iv. that there were no children falling within the relevant definition.
- ii. Section 2: Ai - iv that there were no children falling within the relevant definition.
- iii. Section 2: B.i. that there were no children falling within the relevant definition.
- iv. Section 2: C.v. that there were no children falling within the relevant definition.

8. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.

9. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

Information requested

Section 1 - Normal points of admission

A. Co-ordination

i. How well did co-ordination of the main admissions round work?	Not well	A large number of small problems or a major problem	Well, with few small problems	Very well
Reception			x	
Year 7		x		
Other relevant years of entry				x

ii. Please give examples to illustrate your answer if you wish:

Corruption in one of the iteration files uploaded for Year 7 to PAN London. Impacted approx. 20-30 children who were applying across boroughs, however this was remedied in the C&D reports provided to other boroughs. Mitigations to reduce risks of this occurring again are now in place.

B. Looked after and previously looked after children

i. How does the admissions system in your local authority area serve the interests of looked after children at **normal points of admission**?

Not at all Not well Well Very well Not applicable

ii. How do the admissions systems in other local authority areas serve the interests of children looked after by your local authority at **normal points of admission**?

Not at all Not well Well Very well Not applicable

iii. How does your admissions system serve the interests of children who are looked after by other local authorities but educated in your area at **normal points of admission**?

Not at all Not well Well Very well Not applicable

iv. How does the admissions system in your local authority area serve the interests of previously looked after children at **normal points of admission**?

Not at all Not well Well Very well Not applicable

v. If you wish, please give examples of any good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at **normal points of admission**:

In addition to the work with care experienced children, the borough has also developed our social and medical criteria to include children with social workers to support the expanded duties for the Virtual School to oversee the educational outcomes for these children.

C. Special educational needs and/or disabilities

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission:

If a child is on SEN Support they would need to apply through the general admissions process. This includes any child who has just started the process of undergoing a statutory assessment as there is no guarantee at this stage that they will meet guidance for an EHC Plan.

We continue to see high levels of children with additional needs at SEND Support and with EHCPs. The local area continues to mature in its response to the pressure.

Section 2 - In-year admissions

A. Looked after children and previously looked after children

- i. How does the **in-year admission** system serve children who are looked after by your local authority and who are being educated in your area?

Not at all Not well Well Very well Not applicable

- ii. How does the **in-year admission** systems in other local authority areas serve the interests of your looked after children?

Not at all Not well Well Very well Not applicable

- iii. How does the **in-year admission** system serve the interests of children who are looked after by other local authorities but educated in your area?

Not at all Not well Well Very well Not applicable

- iv. How does your **in-year admission** system serve the interests of previously looked after children?

Not at all Not well Well Very well Not applicable

- v. If you wish, please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for looked after and previously looked after children:

In local authorities where the majority of schools are academies and/or their own admissions authority, In-year admissions for CLA can be protracted. Direction processes are slow and can result in children in care being without a school place whilst a direction is requested from the SoS. There is also a lack of consistency as to the application of Fair Access Protocols with CLA from LA to LA.

Over the past academic year, there seems to have been an increase in the number of out of borough schools either reluctant or refusing to admit CLA on the grounds that they already have a large number of CLA on roll.

In both examples above, places were obtained through extensive negotiation between the VSH and the school headteacher; however, this takes time and results in CLA being out of school for an unacceptable amount of time.

B. Children with special educational needs and/or disabilities

- i. How well served are children with special educational needs and/or disabilities who have an education, health and care plan that names a school when they need to be **admitted in-year**?

Not at all well Not well Well Very well Not applicable

- ii. How well served are children with special educational needs and/or disabilities who do not have an education, health and care plan when they need to be **admitted in-year**?

Not at all well Not well Well Very well Do not know

- iii. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

C. Fair access protocol

- i. Do you have a fair access protocol agreed with the majority of state-funded mainstream schools in your area?

Yes for primary
 Yes for secondary

- ii. If you have not been able to tick both boxes above, please explain why:

- iii. How many children were admitted to schools in your area under the fair access protocol between 1 August 2022 and 31 July 2023?

Type of school	Number of Primary aged children admitted	Number of Secondary aged children admitted
Community and voluntary controlled	17	131
Foundation, voluntary aided and academies	0	35
Total	17	166

iv. If you have seen a change in the number of children referred to your Fair Access Protocol between 1 August 2022 and 31 July 2023 compared to the previous academic year please indicate what you consider the key reasons for this change to be?

There has been an increase in permanent exclusion for one-off serious incidents, notably for physical altercation or being in possession of a weapon (such as knife/scissors) on school premises.

v. How well do you consider children referred to the fair access protocol are served in your area?

Not at all well Not well Well Very well Not applicable

vi. Please provide any comments you wish on the protocol not covered above:

The children in WF are served well by the Fair Access Protocol as it is agreed by all schools, primary and secondary. This includes academies. There is a good process in place to quality assure the Protocol. WF has drawn up a terms of reference to ensure that all head teachers understand the functions of the protocol.

D. Directions

How many directions did the local authority make between 1 August 2022 and 31 July 2023 to maintained schools for which the local authority is not the admission authority to admit children (including children looked after by the local authority but resident in another area)?

Total number of children	Of which, looked after	Of which, not looked after

--	--	--

E. Other points on in-year admissions

i. For the schools for which the local authority co-ordinates in-year applications, in the year between 1 Aug 2022 and 31 July 2023 did you receive

- Significantly fewer applications than last year
- slightly fewer applications than last year
- about the same
- slightly more than last year
- significantly more than last year

ii. For what proportion of schools in your area did the local authority co-ordinate in-year admissions during the 2022/2023 academic year

- None
- All
- Some but less than or equal to half
- More than half but less than all

iii. If you wish, please provide any comments about how **well in-year admissions** works for children who are **not** looked after or previously looked after and/or do not have SEND:

Seven local academies/voluntary aided schools complete their own in-year admissions processes.

iv. If you wish, please provide any other comments on the admission of children **in-year** not previously raised (you may wish to include here any comments about cases where it has not proved possible to find places for children):

During the COVID years we saw lower numbers of in-year applications numbers. These numbers are now exceeding pre-covid numbers.

Section 3 - Other matters

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

Section 4 - Feedback

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2024.

Thank you for completing this template.
