Dear Resident / Business,

**Highways maintenance (resurfacing) & bus route 230 improvements scheme construction notification.**

We are writing to inform you that the bus route 230 construction, along with resurfacing and reconstruction work to the carriageways on Bisterne Avenue, Avon Road and Fyfield Road, will be commencing on 10 March and is expected to be completed by the end of May. Planting and final landscaping will be undertaken as soon as is practical following the construction. These works form part of our commitment to enhancing the public realm, improving safety, and creating a more accessible and enjoyable environment for all residents and visitors.

We will use advanced signage and localised letter drops to update residents before the works commence at specific locations. The existing bus service will be diverted during these works with temporary stops being made available along the route, and these will be relocated as works progress. The resurfacing and reconstruction work will require full closure of roads at various times during the program.

To ensure the safety of both residents and construction workers, it will be necessary to temporarily suspend some existing parking spaces in the vicinity of the works. We kindly ask you avoid parking in these areas during the construction period. Any vehicles obstructing the works may be subject to enforcement action, including the issuance of a Penalty Charge Notice (PCN).

While every effort will be made to minimise inconvenience, some disruption is inevitable. We thank you for your understanding and patience as we carry out these improvements.

If you have any questions, specific access requirements, or need further information, please contact us using the details provided below.

Thank you for your cooperation.

Yours faithfully,

**Neiad Adams-Austin**
