Come to one of our local events and share your ideas in person! Full details are on our webpage.

OUR HIGH ROAD LEYTONSTONE

High Road Leytonstone is one of the borough's most important high streets, linking Leytonstone and South Leytonstone with Maryland and Stratford. It is home to a diverse mixture of residents, businesses, local amenities and services.

Some of the key priorities established in the Leytonstone and South Leytonstone Area Frameworks are to make it easier and safer to walk, wheel, cycle and use public transport.

We also want to make the High Road greener and more attractive, creating a place for everyone to enjoy and help support local businesses.

To shape the future, we need your ideas, so tell us what improvements you'd love to see to help achieve our objectives.
