Roads with a Refuse & Recycling Sack Collection Service

Most high traffic roads in the borough with flats above shops (or other properties where there is no room to store bins at the front of the properties) are listed below. If you live in this type of property on one of these following roads, you will need to present your refuse and recycling in tied up sacks for collection on your road, unless specifically stated otherwise below. Green recycling sacks are provided by the Council for the recycling sack collection service, and you will need to purchase your own sacks for waste disposal.

The tied-up sacks should be presented for collection on the closest edge of the pavement (but not on a cycle path) and should not block access for pavement users. Only those flats above shops properties (or other properties where there is no room to store bins at the front of the properties) should be presenting sacks for collection.

Some roads in the borough with significant evening activity can present sacks for collection for an evening collection service *in addition to* the morning collection service. Roads for which this service is provided are listed at the end of this document.

Morning Sack Collection Service

Please present tied up sacks between **6 am and 9am** on **Mondays, Wednesdays** and **Fridays.**

Town	Road Name
Chingford	Albert Crescent
