 The Power House,
Gunpowder Mill,
Powdermill Lane,
Waltham Abbey,
Essex, EN9 1BN

We have been appointed by Waltham Forest Council to build 91 apartments plus a number of commercial units and a nursery on the Juniper House site.

We commenced work full time on site in mid-November and are currently completing the final stages of soft strip demolition and scaffold erection, to enable us to safely commence the full demolition of the existing building.

Planned Lorry Movement – Monday 3 December

To enable the full demolition to commence we have a lorry movement planned for Monday 3 December to deliver the excavator required. We apologise for any inconvenience caused and thank you for your patience whilst we carry out this important movement.

With the Christmas school holidays soon to be upon us, we would like to remind everyone of the hazards on construction sites and the need to keep children out of the site at all times. Construction sites are tempting places to play, but are incredibly dangerous.

Our Christmas shut down period is from Friday 20 December through to Monday 6 January.

We will have security in place on site throughout the break but if you see any unusual activity outside normal working hours on the site, please contact our free phone number or the police on 101.

Information on the scheme is available on www.walthamforest.gov.uk/JuniperHouse where you can also sign up for the councils email newsletter about Juniper House.

Have a fantastic festive break and Happy New Year!

Kind Regards – Steve
