Companies are saying

“

When the CEO comes up to me and says 'hey, what is the status of our invoices, when are we going to get paid?' I can log right into Taulia and respond 'here it is, you can see right there on the dashboard that it says processed for payment.' The visibility of the invoices in Taulia is fantastic.

KIM KINKER // Q-CELLS ASSISTANT CONTROLLER

“

As the CEO, at the end of the day I look at the bottom line and how we can improve as a company. Time savings equal cost savings, so Taulia is a great solution for us.

BARBARA WICHMANN // ARTEMIA COMMUNICATIONS CEO

“

There is no way to make the Taulia system better from my perspective. It is so streamlined – I don't think there's anything that could be easier.
