

Stay Safe WF

Multi-generational households

If you live with someone who is elderly or clinically vulnerable, make sure you:

- Keep a two metre distance whenever possible
- Clean shared toilets and bathrooms every time you use them (for example, wiping surfaces you have come into contact with)
- If you have possible or confirmed COVID-19 and you live with others, consider using a face covering inside your home when spending time in shared parts of the household

Stop the spread and protect your loved ones.
