

December 2019

Dear Colleague,

I would like to advise you and staff in your organisation who have a child protection responsibility how to take action using the appropriate channels when you believe that your professional opinions have not been acted on appropriately. Please disseminate this advice widely to appropriate staff. For example, if you have concerns regarding the lack of response to professional opinions and judgements expressed by your staff about safeguarding matters including concerns that social care services are not taking appropriate actions regarding the well-being of a child or are not responding in a timely fashion to your concerns. Below is a flow chart and the relevant telephone numbers to support escalating your concerns:

Care and Support

In the first instance please raise any concerns directly with the manager of the allocated worker. If there is no allocated social worker, please speak to the manager of referral and advice as below:

Team Manager Multi-Agency Safeguarding Hub (MASH) / Referral and Advice	020 8496 2317 07776 589603

If you feel your concerns have still not been acted on appropriately then please escalate your concerns to the relevant head of service:

Re: How to escalate professional concerns about a child

Where you remain concerned following your discussion with the head of service, a senior member of staff in your organisation should then speak to the relevant Corporate Director:

Corporate Director - Children's Social Care	020 8496 1907 0798 070 3139
Corporate Director - Quality Assurance	020 8496 3685 07816 135 124

If concerns still remain following the discussion with a Corporate Director, a senior member of staff in your organisation should then speak to:

Strategic Director - Families Directorate	020 8496 3205 07817 332880
---	-------------------------------

It is important that concerns are speedily escalated within the management structure for Care & Support until a satisfactory resolution of the concern is secured.

Other agencies

If you have any concerns related to the safeguarding practice of any other agencies, in the first instance please speak to the team manager of the practitioner as per the flow chart above, and if you remain concerned please follow the stages accordingly by asking for the next appropriate manager to speak to and involving your own manager(s) and senior managers as required.
