

LBWF - Young Carers Journey

From March 2019, any Young Carer/s and their family requiring support will benefit from the following journey. As there is a statutory duty on the authority to know **“where each Young Carer is”** and whether they have **“supporting needs”**. Young Carers will be able to access support from our dedicated service up to the age of 18. Following their 18th birthday, if a Young Carer continues to present needs, they will be referred to Adult Social Care for a **“Young Carers Transitional Assessment”** and will be supported by Adult Social Care.
